RESOLUTION NO. AA25-01

DECLARING THE OUT-OF-SERVICE FORMER BEACON TOWER AT THE CLINTON REGIONAL AIRPORT TO BE SURPLUS PROPERTY

WHEREAS, the Clinton Regional Airport is fortunate to have been awarded federal FAA and state grant funds to construct a new box hangar and a replacement t-hangar building which was heavily damaged by a tornado in October 2021; and

WHEREAS, as construction plans are being finalized for these new hangars it has become clear the out-of-service, former rotating beacon tower is situated too close to where new hangars are to be built and would impede aircraft access to the new box hangar; and

WHEREAS, pursuant to Section 4-3 of the *Clinton City Charter,* this old tower must be declared as surplus prior to it being disposed of; and

WHEREAS, ; in order to keep the grant funds intact, it is necessary to declare that the tower, more particularly described as a four-legged, welded metal tower approx. 51 feet in height and 9 feet x 9 feet at its base, with photo attached, be declared surplus at this time.

NOW, THEREFORE, BE IT RESOLVED by the Trustees of the Clinton Airport Authority to declare the above-described beacon tower surplus and authorize disposal by a competitive process as soon as practicable.

PASSED by the City Council, this 6th day of May 2025.
