Re: Extension and Price Reduction of Disposal Agreement

Dear Mr. McCullough,

Veteran Waste Systems, "VWS", is pleased to provide a proposal for a Fourth Amendment to the Contract for Solid Waste Disposal Services between the Clinton Solid Waste Authority "CSWA" and VWS.

The Third Amendment executed on June 18, 2024 extended the disposal agreement to July 31, 2026 and increased the price to $84 per ton.

Our proposal would extend the disposal agreement to July 31, 2028 and LOWER the price to $76 per ton plus the state fee.

Additionally, in the event the CSWA, elects to open up the Clinton transfer station and enter into an operating agreement with VWS to lease and operate the transfer station, VWS agrees to immediately terminate the disposal agreement. VWS will honor the previous proposal submitted to CSWA (a copy is attached) and is open to immediately negotiate a mutually agreeable operating and lease agreement.

Thank you for the opportunity to provide a proposal. We are excited about being a long-term partner to meet your disposal needs. Please do not hesitate to call me at (405) 202- 8157 if you have any questions.

Regards,

John Todd
President

Transfer Station Proposal

1. Veteran Waste Solutions, "VWS", will provide all materials and personnel to operate the Authority owned Transfer Station to include but not be limited to trucks, trailers and loaders at its own expense.
2. All costs associated with the receipt, handling, transport and disposal will be incurred entirely by VWS. All waste will be delivered to a permitted landfill in compliance with all federal and state regulatory standards,
3. VWS will pay all utility and maintenance costs for the facility once the operating agreement begins.
4. Term. The operating agreement would begin on August 1, 2026 and end on July 31, 2033. At the end of the initial term, the agreement can be extended for unlimited five (5) year terms with Authority approval.
5. Price. VWS will charge the Authority $76 per ton plus the state fee.
6. Price Security. The price will only be increased on the anniversary date of the agreement by the Consumer Price Index and any increase will be capped at 3%.
7. Operating Hours. VWS will allow disposal access for the public from 8am to 5pm Monday through Friday. VWS will provide disposal access for the Authority from 7am to 5pm.
8. City Cleanup. During designated city wide Clean up weeks, VWS will open the transfer station on two consecutive Saturdays from 8am to 5pm for Clinton residents.
9. Records. VWS will provide a daily log of operational information clearly indicating actual tonnage and by which vehicles. VWS will comply with all reporting requirements of the Oklahoma Department of Environmental Quality "DEQ".
10. Compliance. VWS will operate the Transfer Station in compliance with all DEQ policies and standards for transfer stations and in accordance with the specific operating permit.
