4E. CONSIDER SALE OF APPROXIMATELY 9 ACRES OF LAND ON RED WHEAT/CHAPMAN ROAD FOR NEW HOTEL TO KEATON MODI

City Manager Steve Hewitt reported that Keaton Modi has submitted a written request to purchase property from the Clinton Industrial Authority located on Red Wheat/Chapman Road for the purpose of building a new hotel.

Mr. Keaton Modi introduced himself to the Authority. He explained his plans for constructing a LaQuinta Inn & Suites on the site.

Chairman Bryson said he was excited about future development for the City and for the TIF District.

City Manager Steve Hewitt said Mr. Modi is willing to pay $71,000 for the property. Hewitt said the City would see this as a plus for future development should the Authority decide to sell the property. He said the property has increased in value since being purchased by the City for $71,000.00 but he explained some options that could be negotiated in the sale of the property is the Authority chooses.

Trustee Rodolph suggested Mr. Modi and City Manager Hewitt negotiating the price for the land and establish time constraints in the agreement. He suggested bringing back the recommendation to the next Industrial Authority meeting.

Trustee Hulin suggested negotiations to continue and the recommendation be brought back to the Authority.

Walt Schumacher reported that the current occupancy rate in Clinton is 74% at an average room rate of $72. He asked about the reason for selling the full 9 acres when on average it takes 3 acres for a hotel. He asked what the plans would be for the other 6 acres. He said the property now has access to water and sewer and it did not have that when the City originally purchased it so he felt the property has a greater value than the $71,000 purchase price.

Trustee Hulin said he had visited with constituents who did not feel that the price of the property is an issue. He said they want to see growth in the community and they are pro-business.

Trustee Rodolph said he preferred to get close to market value for the property and felt that a time from for utilization for the motel should be included in the agreement.

Trustee Smith said she is excited about continued growth and supported the City Manager negotiating with Mr. Modi.

Motion was made by Trustee Rodolph and seconded by Trustee Smith to authorize City Manager Steve Hewitt to negotiate with Mr. Keaton Medi regarding the sale of property on Red Wheat/ Chapman Road for a new hotel.

Agenda Commentary

Item Title/ Subject: Consider new management proposal with the Clinton Chamber of Commerce for Frisco Center.

Staff Source: City Manager, Steve Hewitt

Date: March 30, 2012

History/Background Information:

The City of Clinton Industrial Authority has an agreement with the Chamber of Commerce to assist in the day to day operations of the Frisco Center.

Subject Summary:

The Chamber has made a proposal to take over full control of operations for the Frisco Center. This would eliminate the City Conference Center Director Position. The proposal would keep the custodian position under the City for maintenance, however all other employees would be under the Chamber supervision.

I have reviewed the operations of the facility the past year. I believe the current operations are somewhat confusing. No clear management direction exists; due to the two entities manage simultaneously. We are not being efficient in our operations, with this current model. This new proposal clearly defines the management role to be with the Chamber. The City has a responsibility regarding the facility maintenance. However, the operations day to day scheduling of events would be with the Chamber.

Recommendation:

I recommend we make this change starting July 1st, 2012. This decision needs to be decided due to budget preparation. This would allow a good transition period and notice to employees of the change.

This recommendation is not a reflection on our current City Staff (The staff has done everything asked of them, this is sustainable business decision). I feel that a change is needed which will create clarity and more efficiency. The facility continues to see capital and technology needs. The savings can support the needs of the facility and a marketing plan.

If approved, staff will prepare a new agreement for both parties approval. Budget preparation is pending this action.

Price/Cost: Savings of $40,000 per year.

Item Title/ Subject: Lodging Tax Exemptions

Staff Source: Debra Blanchard, City Treasurer

History/Background Information: The City implemented lodging tax on all room rents with the vote of the citizens and passing of Ord. 831 with the tax beginning March 2000. The lodging tax rate is 5% on hotel/motel room rent. Revenues are dedicated to be "used solely for paying the costs of operating and maintaining a community conference center for the City."

Item/Subject Summary: The lodging tax has exemptions that can be claimed from the tax. These include exemptions for permanent guests, defined as any occupant who occupies a room for at least 30 consecutive days, and for other exemptions such as government agencies, churches, schools, non-profits, etc.

I have experienced problems receiving proper documentation in the past and have also found that some motels have also been exempting the 30 day stay guests from sales tax as well as lodging tax. The Oklahoma Tax Commission does not recognize that as an exempt stay. We currently have 7 hotel/motels claiming exemptions for their guests. The guest is to complete an exemption certificate stating their reason and provide copy of tax exempt status if applicable. The 30 day guests are reported to us with their arrival dates and departure dates. In some cases, the 30 day stays are oilfield related businesses renting blocks of rooms continually. In the last 12 months completed, these hotel/motels have claimed $1,529,733 in exempt room rents, amounting to $76,486 lodging tax uncollected.

Recommendation: I would recommend that the Council amend the City Code with an Ordinance, amending procedures for the lodging tax collections, removing all exemptions from room rents and simplifying the process. Section 9 of the ordinance does authorize the City Council to make administrative and technical changes to the enforcing of the Ordinance.
