AGENDA ITEM NO. 4 ACTION ITEMS

4A. CONSIDER TRASH/RECYCLE PROPOSAL

City Manager Steve Hewitt said a lot of feedback has been received regarding the trash/recycle issued from the town meetings. He said staff has continued to negotiate a possible agreement with Republic Services but it has become apparent that an amendment to the existing contract cannot happen if the recycling is to be included. He suggested seeking a Request for Proposal for trash/recycling. He said this would not require an obligation on the City's part and he said that Republic Services agrees with this recommendation. He said that two to three other companies

have contacted with City regarding an interest in presenting a proposal. He said these RFP would be brought back to the Solid Waste Authority meeting on December 4, 2012.

Trustee Hulin said he would only be interested in seeing proposals for recycling and have the City present a proposal for trash service in-house.

City Manager Steve Hewitt said Republic Services had been asked to bring a recycling proposal but they had included trash service to make the program possible. He said the Request for Proposal is for recycling. He said he thought that multiple options from various companies would be submitted.

Chairman Bryson said he would like to see it left open for options to be received.

City Manager Steve Hewitt said that information from another company has been received but the gentleman that dropped off the information was not a representative of the company.

Trustee Rodolph said he would like to see the City present a proposal.

Trustee Hulin said he wants to listen to the people. He said the City provides great services and he thought this would result in going in circles.

Trustee Marcy said he felt more information is needed and he would like to look at different options.

Trustee Rodolph said the Authority also needs to see the results of the survey that was included in the November utility bill.

Glendene Goucher said the survey was very vague and she suggested a new survey that would address the Hispanic community. She said a good number of residents did not understand the survey and she felt it needs to have more detail.

Cheryl Lowry said she was impressed with the work that Trustee Hulin has done but she said she did not understand why the option with no increase in price but an increase in service was not accepted.

Trustee Marcy asked if Republic Services would be able to submit a RFP.

City Manager Steve Hewitt said Republic Service can submit a proposal. He said this would allow non-profit organization to submit proposals also.

Trustee Smith said she would like for the City to use the recycle bins the City currently has so residents do not have to take recycle items to Weatherford.

City Manager Steve Hewitt said he did not think that most residents realize what a nice facility the City has on Glenn Smith Road. He said that additional advertising is needed.

Nancy Goodwin asked where the City's trash currently goes.

City Manager Steve Hewitt said it is taken to the Transfer Station south of Clinton and then hauled to a landfill in Oklahoma City.

Motion was made by Trustee Rodolph and seconded by Trustee Marcy to seek Request for Proposals as recommended by the City Manager with a submittal from the City on recycling only.

Chairman put the motion to a roll call vote:

Aye: Rodolph, Marcy, Smith, Hulin, Bryson
Nay: None

Chairman declared the motion carried.

Re: Test Pit Excavation
Regional Airport
Clinton, Oklahoma
HGE Project No: CB-11-02

Dear Mr. Baker:

As requested, an HGE engineer made a visit to the site referenced above on October 19, 2012 to evaluate soft subgrade conditions surrounding the existing south hangar. The City of Clinton provided a backhoe and operator and Circle S Paving provided a loaded, tandem-axle dump truck.

The area between the two south hangars was proofrolled using the dump truck. Two large areas of pumping subgrade were observed during the proofroll operations. Test pits were excavated into the areas where the pumping subgrade was observed. This procedure was repeated on both the southeast and southwest sides of the south hangar.

The HGE engineer evaluated the exposed subgrade conditions visually and with a t-probe. A soft zone of dark brown clay soils with an organic odor was observed within the test pits. The soft zone appeared to be very moist. Immediately below the dark brown soil was a dark red clay soil that appeared to be very firm. It appears that the dark red clay soil is the native soil and this soil appears to have very low permeability characteristics. The soft dark brown soils above appear to be fill materials with much higher permeability characteristics. It appears subgrade moisture is being trapped within the soft dark brown soils resulting in pumping subgrade conditions during construction.

The bottom of the soft dark brown clays appear to extend to depths varying from approximately 30 inches to 46 inches. These soils should be excavated and allowed to dry. To facilitate drying of these soils, locally available limestone screenings could be mixed with the excavated soils. The soils can then be replaced in loose lifts not exceeding 9 inches in thickness and compacted to at least 95 percent of the mixtures maximum dry density per test method ASTM D 698. Each lift should be tested and approved prior to the addition of subsequent lifts.

Mr. Baker, we appreciate the opportunity to remain involved with this project. Please do not hesitate to call us if you have other questions or comments concerning this project.

Respectfully Submitted:

AGENDA ITEM NO. 4 ACTION ITEMS

A. Presentation regarding Water Distribution Infrastructure

City Manager Steve Hewitt began with saying that the drought has impacted our Infrastructure and has created some problems that will be addressed in the following presentation.

A presentation was given by Public Works Director Stephen Jones and SevernTrent Plant Manager Jeromy Brush. The presentation contained pictures of water distribution pipes within the City of Clinton. Three bottles of discolored water were presented to the Council; these samples were taken from different areas of town that have been experiencing water discoloration, and odor problems. Flushing has been done to try and resolve the problems, but actually increased the problems in these areas. The pictures were of the water pipes that are old iron pipes dating back to the 1950s. Stephen said that although the water is discolored and had an odor it is safe to drink. Stephen said he thought in order to fix the problem; the City would need to improve the Water Distribution Infrastructure, costing millions of dollars.
SevernTrent's Jeromy Brush continued the presentation by saying that the pipe that is in the picture has

rust and calcium buildup and is soft in the pipes something similar to blisters. Chemicals in the water has caused this problem according to Brush, he also said the water is safe. To help resolve this problem, Brush said flushing would help along with adding polyphosphate at a constant feed would help. Brush said they were running tests to help find the cause. City Manager Steve Hewitt asked Brush if thought that the chemical makeup of Foss water was the cause. Brush answered yes, and went on to say that Foss has a different chemical makeup than what we have at the Clinton Lake Water Plant. He also said they are working with Foss to address this issue to try and resolve this problem. Brush went on to say ODEQ suggests flushing to being the chlorine levels up to see if that would help with the problems. Brush is hoping that the problem can be fixed in 2-6 months, unless we have to replace water lines and that will take much longer. Trustee Hulin asked if the samples were from areas that had lines and Brush answered yes. Trustee Rodolph asked if the new lines were PVC, Brush answered yes. Trustee Hulin then asked if the PVC pipes were the problem. Brush answered no. Chairman Bryson asked where the areas with the most problems were. Brush said the Glenn Smith Road area. Chairman Bryson then asked if the home owners are having the same problems with the pipes to their houses, are they corroded as well. Brush answered yes. City Manager Steve Hewitt thanked Jones and Brush for their presentation. He went on to say that we will identify the key areas & resolve the problems.

B. Consider Approval for Disinfectant Residential Plan with PEC Engineering.

PEC will be working on the water problems in the different areas of town as discussed in the previous agenda item. ODEQ will require a plan, PEC will provide that to them.

Moved by Trustee Smith and seconded by Trustee Rodolph to approve the Disinfectant Residential Plan with PEC Engineering.

Chairman put the motion to a roll call vote:

Aye: Smith, Rodolph, Marcy, Hulin, Bryson
Nay: None

Chairman declared the motion carried.

AGENDA ITEM NO. 4 ACTION ITEMS

4A. PRESENTATION OF FINANCIAL UPDATE

Debra Blanchard, City Treasurer, presented a power point presentation that included revenues vs expenditures as of Oct. 31, 2012 and a monthly sales tax collection comparison 2006-2012.
Debra Blanchard, City Treasurer, said that we are on track with revenues vs expenditures, with the exception of the Airport Authority. Revenue is high there because of the oil and gas lease.
Sales tax collections are up compared to this time last year partly due to the oil and gas industry in the area. Councilman Marcy asked if this was due to the good economy in our area. City Treasurer, Debra Blanchard said she thought our economy was not hit like the other areas in the US, keeping our sales taxes up.

5. CITY MANAGERS REPORT

City Manager Steve Hewitt reported on several different projects that the city has going on. The Police Department remodel project is finishing up; there are a few pieces of equipment yet to purchase. The construction of the new Fire Station is going well; the outside walls are going up at this time. We are seeing great progress there. Chapman Road project is moving along, we received federal approval on the water shed, and we will be acquiring right-of-way easements soon. ODOT should be ready to go to bid with this project in the spring. This project will roll over into the next budget year, freeing up the monies this year for other Capital budget items. We are still waiting on the Federal Government to complete the inspections and repairs on the Roush Center, hopefully that will happen after the New Year. Water well testing is ongoing hope to have results soon

November 16, 2012

Mr. Steve Hewitt
City Manager
City of Clinton
PO Box 1177
Clinton, OK 73601

Dear Mr. Hewitt:

The Oklahoma Municipal League (OML) is pleased to join with you in recognizing those municipal employees who have completed 25 years of service in municipal government. The names of these recipients will be entered into a permanent Honor Roll of Service, leather bound book that is maintained and on permanent display at the League office.

Serving a community for a quarter of a century is certainly an achievement that merits honoring. In many sectors of our society, employees rarely match the service record of many of our municipal officials and employees.

Please find enclosed certificates and lapel pins for your honorees. Please complete with the date of the presentation on each certificate. Also, remember if you would like for an OML board member or staff person to assist in this event, please let us know and we will make every effort to accommodate this special event.

If you have any questions, please call Jimi Layman or Ginny Wilson at 1-800-324-6651 or 528-7515, locally.

Sincerely,

Carolyn Stager

Mr. Steve Hewitt
City Manager
City of Clinton
Clinton, Oklahoma 73601

Dear Steve:

This letter is to let you know that I will be resigning from my City Council position effective December 31, 2012. I will be relocating to Oklahoma City in the near future, so I will no longer be residing in Ward 4 of Clinton, Oklahoma.

I know there are many qualified candidates who could assume the role of my successor, but I would like to suggest Mr. Mustafa Sami. He currently resides in Ward 4 and has been very active in the positive growth and development of the City of Clinton. I believe he will be very effective in understanding the vision of the current city leadership.

It has been my privilege and honor to serve on the City Council these past two years, and I will miss my involvement in the affairs of this city very much.

Please accept my best wishes to you, the mayor, and to all those on the city council as you move forward into what I am confident will be a bright future for the City of Clinton.

I would like to leave you with the following two quotes:

"Give light, and the people will find their way."—Ella Baker.
"Find the good. It's all around you. Find it, showcase it,
and you'll start believing it."—Jesse Owens.

I'm still a Red Tornado at heart and always will be. Tornado pride lives on!

Kindest regards,

Phyllis M. Smith
City Councilwoman, Ward 4

Item Title/ Subject: Golf Advisory Resolution

Staff Source: City Manager, Steve Hewitt

Date: November 30, 2012

History/Background Information:

Current Board has five (5) appointed members by Council and a voting representative from Men's and Women's association. (Total of 7 voting members)

Subject Summary:

Men's and Women's association representatives have struggled to attend meetings. Board felt it best to have their participation be non-voting. Both associations agreed. Resolution would change the by-laws. This would help participation and quorum issues.

Recommendation:

Staff has no issues with the recommendation.

Price/Cost: **No Cost.**

RESOLUTION RA12-01

A RESOLUTION REMOVING THE VOTING RIGHTS OF THE PRESIDENTS OF THE MEN'S AND WOMEN'S GOLF ASSOCIATIONS ON THE CLINTON RECREATIONAL AUTHORITY'S ADVISORY BOARD

WHEREAS, on December 20, 1990, the Trustees of the Clinton Recreational Authority created the Clinton Golf Board;

WHEREAS, RA06-03, dated August 15, 2006, amends the 1990 Resolution and establishes a seven person Board, including the Presidents of the Men's and Women's Golf Associations;

WHEREAS, the Trustees believe it appropriate to remove the voting rights of the Presidents in the Advisory Board;

WHEREAS, the Trustees believe it appropriate to review membership of Board members in certain circumstances;

NOW THEREFORE, be it resolved by the Trustees of the Clinton Recreational Authority:

1. The Board shall continue to consist of seven members, five at-large members and the two presidents of the Men and Women's Golf Associations.

2. The five at-large members shall be the only voting members of the Advisory Board. Further, a voting quorum shall consist of at least three members.

3. The at-large members currently serving shall remain members and shall continue to serve their respective terms.

4. Any member who misses three consecutive meetings shall be subject to recall by the Trustees.

5. The recall process shall be initiated by the City Manager upon notice to the individual Board member, and placement of the issue on the Authority's Meeting Agenda.

6. The Board member may appear before the Trustees and, for good cause shown, be allowed to retain their position on the board.
