MINUTES OF CLINTON PUBLIC WORKS AUTHORITY MEETING
MARCH 4, 2014

Minutes of the regular meeting of the Chairman and Trustees of the Clinton Public Works Authority of Clinton, Oklahoma, Custer County, held in the City Council Room, City Hall on Tuesday, March 4, 2014, at 5:30 p.m. A notice of this meeting with agenda was posted on the bulletin board in the lobby of Clinton City Hall on February 28, 2014.

Chairman Seth Adams called the meeting to order with the following present;

MAYOR: Seth Adams
COUNCIL: Don Rodolph, Wheeler Lowry, Jason Hulin, Mustafa Sami
CITY MANAGER: Steve Hewitt
CITY CLERK: Lisa Anders
CITY TREASURER: Debra Blanchard
CITY ATTORNEY: Ryan Meacham
NEWS MEDIA: Gerald Green
OTHERS: Randy Carpenter, Kris Wermy, Gene McCullough, Curtis Maloy, Stephen Jones, Conan Wilson, Julie Menge, Narci Smith, Jeremy Brush, Toby Anders, Kent Miller, Cheryl McCullers, Tina Challis, Bret Matlock, Donald Webb, Bobby Richardson, Mike Scott, Monty Proffit, Mike Abramson, Kalan Merrill, Jerry Douglas, Cheryl Lowry, Greg Adams, Keaton Modi, Jim Roberts, Mike Kyser, Kim and Gunner Hewitt, Elisa Sanders, Danny George, Chris & Maribel Brinkley and others.

Dan Day of the Ministerial Alliance opened the meeting with prayer and Trustee Lowry led the Pledge of Allegiance.

AGENDA ITEM NO. 3: CONSENT AGENDA

A. Minutes of Regular Meeting of February 18, 2014
B. Consider claims

Moved by Trustee Hulin and seconded by Trustee Rodolph that Consent Agenda Item No. 3 (a-b) be approved.

Chairman put the motion to a roll call vote:

Aye: Hulin, Rodolph, Lowry, Sami, Adams
Nay: None

Chairman declared the motion carried.

AGENDA ITEM NO. 4 ACTION ITEMS

4A. CONSIDER LONG TERM WATER PLAN

City Manager Steve introduced Jim Roberts and Mike Kyser of Professional Engineering Consultants.

Jim Roberts said the golf course well pump test have been completed and with pleasant results. He said a step draw down test resulted in 600 gallon per minute. He said it is capable of between 600 to 625 gallons per minute. He recommended twinning the wells since the purposes for irrigation and public water supply are different.

Trustee Lowry asked why the twenty-four hour test was not conducted.

Mr. Roberts said the purpose of the twenty-four hour test was to determine stabilization and they were able to see stabilization before that point. He explained that stabilization means as much water is pumped as is being supplied. He said they were able to use the city's existing pump and this saved some money. He said there is no way they could have known this until conducting the test and they did not have to cut the column pipe. He said there was a delay in scheduling due to weather, the holidays and Lane's schedule.

Roberts said there is room for two more wells on the north end of the golf course. He said that the Oklahoma Water Resource Board determines the spacing of wells to be 660 feet apart. The proposed wells would be 745 feet apart. He estimated that three wells could result in 1.7 to 2.6 million gallons per day.

Roberts suggested mowing forward to geoprobe the test wells to see the profile and use this information to compare to the north end of hole #11. He said this would require about 1 ½ days work in the field and do the second test well for samples. The next step would be to pump test and get the radius of influence and water quality. He said this information would also be used in the design of a water treatment facility.

Jeremy Brush of Severn Trent said he has test results on the well.

Mike Kyser said PEC would like information on a fresh well to make sure information is current. He said the geoproble test would be necessary.

City Manager Steve Hewitt said he plans to bring the OSIDA agreement to the next Authority meeting. He said it has been discussed the potential of 240 gallons per minute at a rate of $.10 per 1,000 gallons.

City Manager Hewitt said he, Danny George and Jeremy Brush met with the Department of Environmental Quality and Oklahoma Water Resource Board. They were told that the water can't be put in the lake but could be sent directly to the treatment plant. He said a variance could be applied for a polypipe until a permanent pipe line could be constructed. He said an engineering report would also be required for this.

Trustee Rodolph requested that DEQ put these requirements in writing.

City Manager Hewitt reported that during the meeting recycling of wastewater was also discussed. He said this would also require an engineering report.

City Manager Hewitt confirmed there are two wells at Burns Flat that water could be pumped to Clinton Lake but the permit is for the treatment plant and not for storage into the lake.

Trustee Sami asked if the engineering report would include dollar amounts.

City Manager Steve Hewitt said the agreement would include an understanding of what would be provided, what test would be performed, and can include a breakdown of the charges.

Trustee Hulin asked if another engineering firm could be utilized to speed up the process.

City Manager Hewitt said he does not have a problem with speeding up the process.

4B. CONSIDER COMMITMENT LETTER REGARDING RATES AND USAGE WITH FOSS MASTER CONSERVANCY DISTRICT

City Manager Steve Hewitt said the letter presented is confirmation of a commitment to Foss Master Conservancy District for the purchase of overage at a rate of $2.90. This letter is to purchase 100% of commitment. Foss Board Chairman David Berrong asked for Public Works Authority action on the commitment.

Trustee Sami asked for confirmation that this commits the Authority to purchase overage.

City Manager Steve Hewitt said this is an adjustment to rates at the time. He said that this is a commitment and not a contract. He also reported that this will be reevaluated in six month.

Trustee Rodolph said they could increase the rates again in six months.

Motion was made by Trustee Sami and seconded by Trustee Rodolph to confirm that commitment letter regarding rates and usage with Foss Master Conservancy District.

Chairman put the motion to a roll call vote:

Aye: Sami, Rodolph, Lowry, Hulin, Adams
Nay: None

Chairman declared the motion carried.

4C. CONSIDER RESOLUTION NO. PW14-01 REGARDING ADJUSTMENT OF WATER RATES

City Manager Steve Hewitt said with the rate increase from Foss and the continuance of increased Capital Improvement costs, staff recommends a 20% increase across the board with the curve in rates currently in place.

City Treasurer Debra Blanchard gave a review of the expenses and reserve of the Water and Wastewater budgets. She reported on encumbered expenses for tank maintenance, treatment of discolored water, water line breaks, debt service and maintenance. She said the reserve balance for the water department is down to $600,000 and the wastewater department is down to $500,000.

Trustee Sami asked if there are any mandates regarding balances of reserve.

City Manager Hewitt said there are no mandates regarding reserve but it is recommended to be in the 40-50% range.

Trustee Lowry asked if Clinton's rates could be compared to other communities.

City Manager Hewitt said comparisons are available and that other communities have also seen major increases in rates primarily due to the drought.

Motion was made by Trustee Sami and seconded by Trustee Lowry to approve Resolution No. (W1401 regarding adjustments of water rates.

Chairman put the motion to a roll call vote:

Aye: Sami, Lowry, Rodolph, Hulin, Adams
Nay: None

Chairman declared the motion carried.

4D. CONSIDER CONTRACT WITH PEC ENGINEERING REGARDING DEPARTMENT OF ENVIRONMENTAL QUALITY APPROVED ENGINEERING REPORT FOR WATER TREATMENT PLANT CHEMICAL ROOM

City Manager Steve Hewitt reported that he had a meeting with Department of Environmental Quality to discuss the chemical room at the Water Treatment Plant. PEC has presented a contract for a review of the facility regarding potential rehab of the chemical room or construction of a new facility.

Trustee Rodolph asked if the letter along cost $30,000 with no plans included.

Mike Kyser, representative of PEC said the cost is for the comparison of the cost of rehab of the existing room or construction of a new facility. He said this will give comparisons and options. If the City wishes to go straight to the construction of a new facility, this step can be skipped. He said any updates to the existing facility must be at current code level.

Jeremy Brush said he has had conversations with DEQ regarding the chemical room but he has no written correspondence.

City Manager Steve Hewitt said that the $499,000 from Altivia for damages and additional funds from the City's insurance carrier, Oklahoma Municipal Assurance Group, will be available for the project.

Trustee Rodolph said he would prefer to wait on the evaluation until confirmation from DEQ is received.

Kyser said the code issues have to do with the fact the room is not sealed off from the water plant. If it is rebuilt, it must be brought into compliance with current code.

Trustee Hulin asked if prior to PEC, if the previous engineer, Garver Engineering had worked on the damage assessment.

City Manager Hewitt said Garver had completed an early evaluation. He said that OMAG hired PEC because the report from Garver was not in depth.

Kyser said once a recommendation has been confirmed regarding construction or use of existing facility, the engineer report will be prepared.

Motion was made by Trustee Sami and seconded by Trustee Rodolph to approve the contract with PEC Engineering regarding Department of Environmental Quality approved engineering report for the Water Treatment Plant Chemical Room.

Chairman put the motion to a roll call vote:

Aye: Sami, Rodolph, Lowry, Hulin, Adams
Nay: None

Chairman declared the motion carried.

AGENDA ITEM NO. 5 TRUSTEE REPORT

Trustee Rodolph asked for written communication from Department of Environmental Quality for justification on these projects.

City Manager Steve Hewitt said he would request documentation regarding the wells and the chemical room recommendation from DEQ.

AGENDA ITEM NO. 6: MANAGER'S REPORT

City Manager Steve Hewitt reported that during the lawsuit with Altivia a breakdown of the damages to the Water Treatment Plant were provided. He said he would ask Jeremy Brush of Severn Trent to provide a list of repairs that could be done in-house and a list of repairs that would have to be outsourced.

AGENDA ITEM NO. 7: AUDIENCE PARTICIPATION

None

AGENDA ITEM NO. 8: ADJOURNMENT

Moved by Trustee Hulin and seconded by Trustee Sami to adjourn the meeting.

Chairman put the motion to a roll call vote:

Aye: Hulin, Sami, Rodolph, Lowry, Adams
Nay: None

Chairman declared the meeting adjourned at 6:35 p.m.

RESOLUTION NO. PW14-01

Item Title/ Subject: Consider Investigating Canute Options

Staff Source: City Manager, Steve Hewitt

Date: March 14, 2014

Background/Subject Information:

Council didn't want to pursue further commitments with Canute and their finish water options and new plant. However, there have some conversations regarding purchasing raw water from Canute to send to Clinton Lake Water Plant

Staff needs direction and feedback regarding exploring this option.

Canute has some water wells that are not in use, if the Council so desires we could test those wells for flow and quality test. There is some cost to that, however if quality and good sustainable flow it could be a project to send to Clinton Lake.

Recommendation:

Staff recommends exploring the water quality and quantity (feasibility) of the water. After information is gathered, a formal agreement between Canute and City of Clinton can be negotiated.

Price/Cost: TBD

Item Title/ Subject: Agreement with Friends For Life

Staff Source: City Manager, Steve Hewitt

Date: March 14, 2014

Background/Subject Information:

FFL has been looking to build an Animal Sanctuary for a number of years. We were informed that their location was conducive to their needs, for multiple reasons including no available City Sewer. FFL was offered property at Weatherford, when informed of this staff reached out to FFL to search locations.

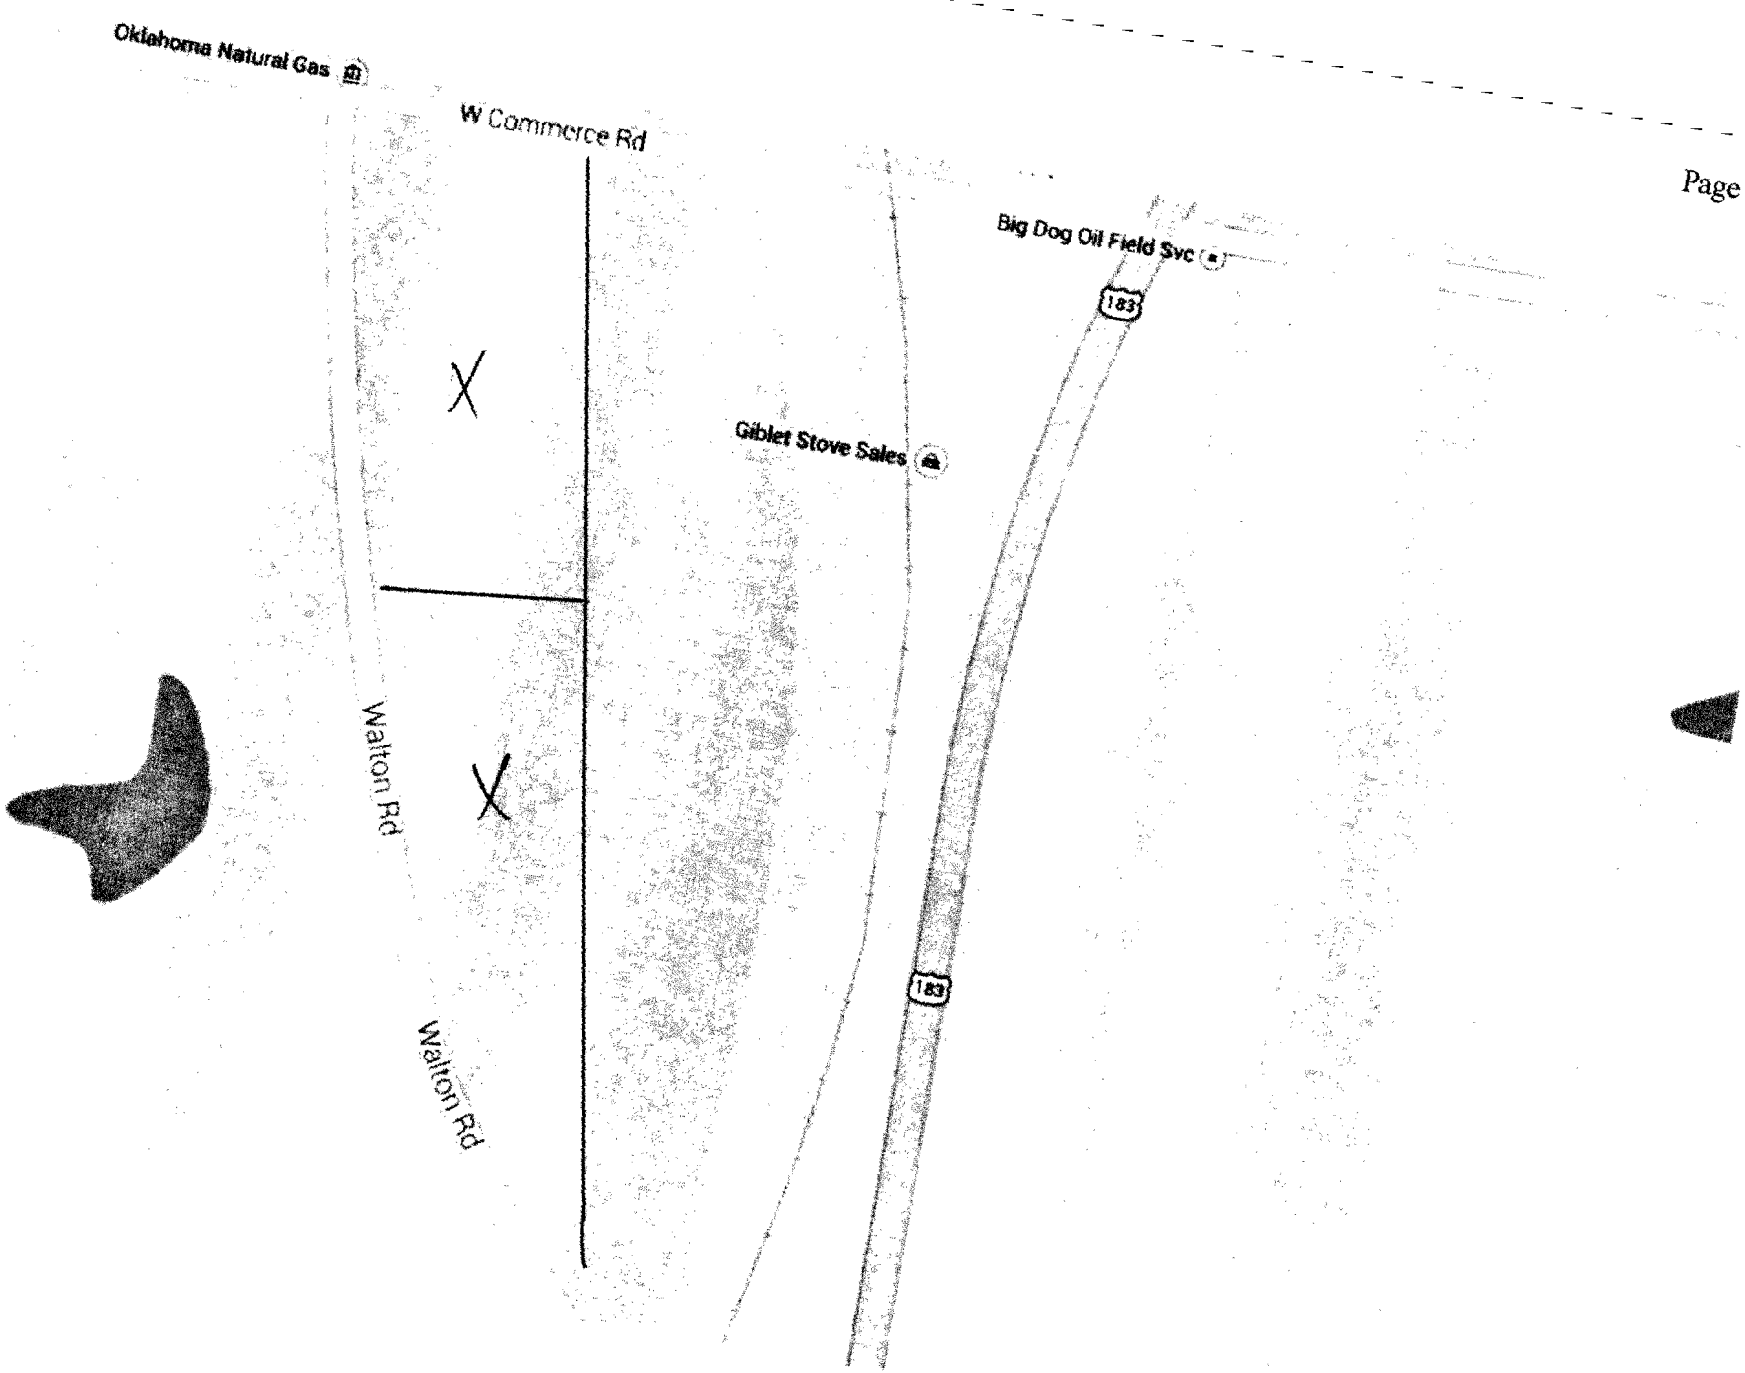

FFL is looking for 5 acres and an option for another 5 acres. They need Water & Sewer also provided.

After looking at proposed possible location, FFL is interested in the property at Commerce/Walton. This is industrial property that would fit their needs. City has Water / Sewer in that area.

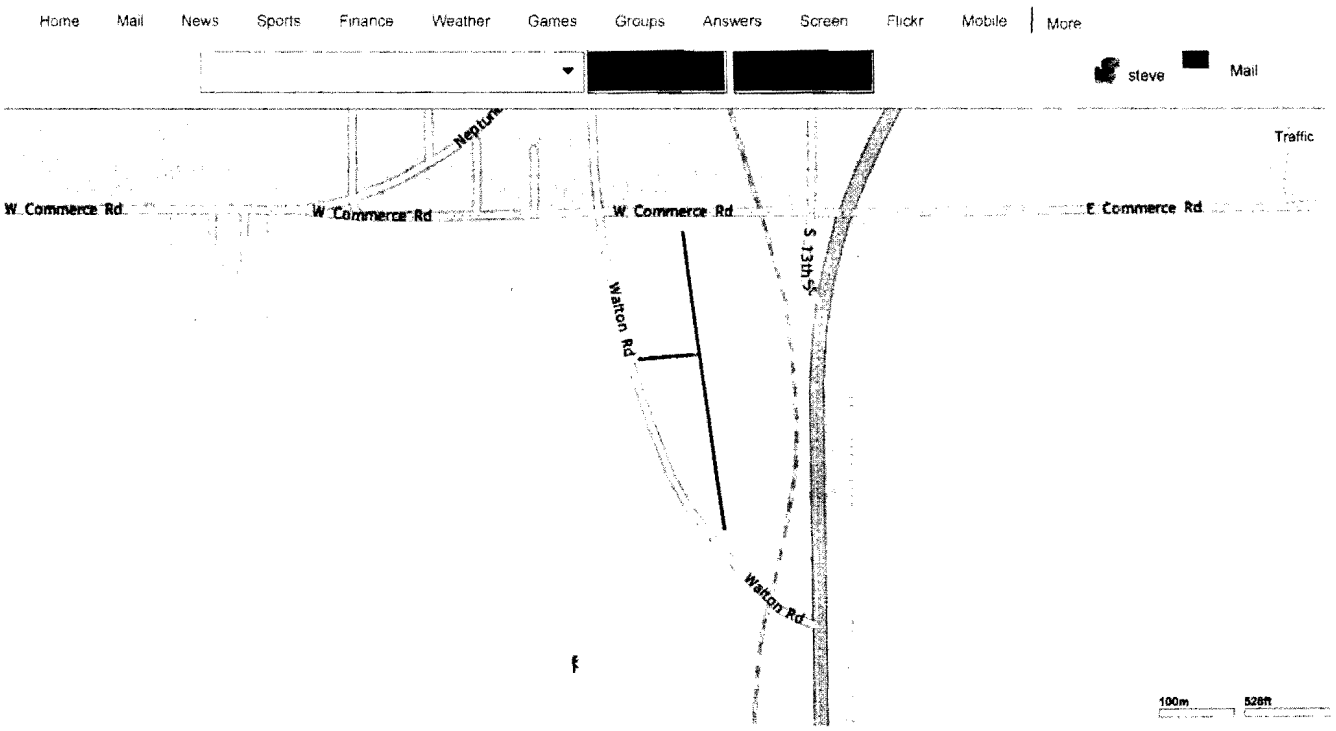

Recommendation:

Staff recommends the leasing this property for long-term to FFL for the construction and operation of an Animal Sanctuary.

Price/Cost: Minimal cost to extend water/sewer to location.

Re: Proposal to Acquire Real Estate

Dear Steve:

Western Equipment, L.L.C. ("Western") would like to make a proposal to the City of Clinton and the Clinton Industrial Authority to acquire the following described real estate:

> Lots 18, 19, 20, 21 and 22 and the West 20.9 feet of Lot 23, Block 36, Original Town of Clinton, Custer County, Oklahoma, ("the Property"),

for the expansion of Western's administrative offices in downtown Clinton. The City owns Lots 18 through 22 and the portion of Lot 23 was conveyed to the Authority by the State of Oklahoma after the completion of the widening of United States Highway No. 183.

Western's administrative officers, who office in Clinton, are our general manager, corporate sales manager, corporate parts manager, corporate service manager, human resources director and IT director. All of the bookkeeping for Western's business locations in Clinton, Weatherford, Woodward, Alva, Altus, Hobart in Oklahoma and Childress and Amarillo in Texas is conducted in Clinton. Western's Clinton store presently has 71 employees of which 19 work in downtown Clinton.

In order to expand its operations in Clinton, Western needs additional real estate. If the City and the Authority will sell the above described real estate to Western for one dollar, Western will agree to construct a building on the property within two years of the date the deed is delivered with the architecture of such building to conform to the other historical buildings in the downtown area. Western will also agree to build asphalt parking lots East and West of the building for its employees' use and will landscape the property. The parking lots will be built and the landscaping will be completed as soon as practical after the property is conveyed.

JOHN DEERE

WESTERN EQUIPMENT L.L.C.

In the event Western can expand its operations in Clinton, Western will make a contribution of $25,000.00 to the Clinton Public School Foundation and Bob Lorenz will individually make a contribution of $10,000.00 to the Clinton Public School Foundation.

In order that the interests of the City of Clinton will be protected, Western will agree to reconvey the real estate to the City in the event Western fails to commence construction of a building within two years of the date the property is conveyed to Western or fails thereafter to timely complete construction of the building. In the event of such reconveyance, the City would have the benefit of having the parking lots that Western will construct and the landscaping.

The expansion of Western's operations in Clinton will be beneficial to Clinton's economy. If you or any of the members of the City Council have any questions about Western's proposal, please call Jeff Brown or myself.

Sincerely Yours,

Robert D. Lorenz

4A. CONSIDER STAFF RECOMMENDATION REGARDING POLICE DEPARTMENT UNITS BIDS

City Manager Steve Hewitt reported that staff recommendation is to accept the bid submitted by McKinsey Ford. He said the bid submitted by Ballard did not meet specifications. He said the specifications were for front wheel drive.

Motion was made by Councilman Hulin and seconded by Councilman Rodolph to follow staff recommendation and accept the bid from McKinsey Ford in the amount of $47,809.62 for two units.

Mayor put the motion to a roll call vote:

Aye: Hulin, Rodolph, Sami, Lowry, Adams
Nay: None

Mayor declared the motion carried.

4B. CONSIDER STAFF RECOMMENDATION REGARDING SWIMMING POOL FILTER/PUMPS BIDS

Kris Wermy, Parks and Recreation Director, said he reviewed the bids for the filter/pumps at the swimming pool. He said Leslie Pools had submitted the low bid and he recommended accepting that bid.

Motion was made by Councilman Rodolph and seconded by Councilman Sami to accept the bid submitted by Leslie Pools for $99,759.39 for the filter/pumps for the swimming pool.

Mayor put the motion to a roll call vote:

Aye: Rodolph, Sami, Hulin, Lowry, Adams
Nay: None

Mayor declared the motion carried.

4C. CONSIDER STAFF RECOMMENDATION REGARDING SWIMMING POOL GUTTERING BIDS

Kris Wermy, Parks and Recreation Director, recommended rejecting the bid for the guttering project and rebidding the project. He said he received several calls after the due date for the last bid and given only one bid was received, he suggested rejecting the single bid. He explained that major difference in the bid received and the estimated amount. He said the estimate was for equipment only and after further examination, additional labor and other hardware will be necessary.

Motion was made by Councilman Lowry and seconded by Councilman Sami to reject the bid for the swimming pool guttering and rebid the project.

Mayor put the motion to a roll call vote:

Aye: Lowry, Sami, Rodolph, Hulin, Adams
Nay: None

Mayor declared the motion carried.

4D. REQUEST AUTHORIZATION TO GO TO BID ON STREET GRINDING AND OVERLAY

City Manager Steve Hewitt reported the Public Works Director Stephen Jones, Street Superintendent Monty Proffit and Engineer, Joe Ridley have reviewed the streets and have compiled the following recommendations.

Councilman Rodolph said that some of the streets that were on the first list have been removed. He said he wanted them added to the list for the upcoming year.

Councilman Hulin said that a street that had been included in last year's project was included in the list

presented.

Motion was made by Councilman Rodolph and seconded by Councilman Hulin to authorize staff to go to bid for street grinding and overlay on items 1-8 of the presented plan.

Mayor put the motion to a roll call vote:

Aye: Rodolph, Hulin, Sami, Lowry, Adams
Nay: None

Mayor declared the motion carried.

4E. CONSIDER INTERLOCAL AGREEMENT WITH CUSTER COUNTY COMMISSIONERS PROVIDING TRUCKS AND EQUIPMENT TO THE FIRE DEPARTMENT

Fire Chief Randy Carpenter explained that the interlocal agreement with the Custer County Commissioners is documentation for a policy that had been a verbal agreement for some time. He said the County provides $100,000.00 each year that is split between the various fire departments of Custer County for the purchase or trucks and equipment. He said this agreement runs through 2017.

Motion was made by Councilman Rodolph and seconded by Councilman Lowry to approve the Interlocal Agreement with Custer County Commissioners regarding providing trucks and equipment to the Fire Department.

Mayor put the motion to a roll call vote:

Aye: Rodolph, Lowry, Sami, Hulin, Adams
Nay: None

Mayor declared the motion carried.

4F. REQUEST AUTHORIZATION TO PURCHASE MOWER FOR CEMETERY

City Manager Steve Hewitt explained that the Cemetery had budgeted for the replacement of a mower from the Cemetery Perpetual fund. Quotes were received per the state contract pricing and Lindley Farm Equipment quoted a price with a trade-in of the current mower at $8,169.30.

Motion was made by Councilman Sami and seconded by Councilman Hulin to authorize the purchase of a mower for the Cemetery from the Perpetual Fund for $8,169.30.

Mayor put the motion to a roll call vote:

Aye: Sami, Hulin, Rodolph, Lowry, Adams
Nay: None

Mayor declared the motion carried.

4G. CONSIDER NOMIATION FOR TRUSTEES FOR OKLAHOMA MUNICIPAL ASSURANCE GROUP BOARD

City Manager Steve Hewitt explained that three positions on the Oklahoma Municipal Assurance Group Board would be completing their terms. He asked if the Council would like to make a nomination for the board.

Motion was made by Councilman Rodolph and seconded by Councilman Hulin to vote for the incumbents.

Mayor put the motion to a roll call vote:

Aye: Rodolph, Hulin, Lowry, Sami, Adams
Nay: None

Mayor declared the motion carried.

4H. CONSIDER TRANSFER OF PROPERTY TO CLINTON INDUSTRIAL AUTHORITY

City Manager Steve Hewitt explained that the City of Clinton owns Lots 18-22 at Frisco and Highway 183. He said that Lot 23 is owned by the Clinton Industrial Authority. He said that there has been some interest in the property but with the City of Clinton owning the lots, they would have to be placed for bid. He explained that if the Clinton Industrial Authority owned them, there would be more flexibility.

Motion was made by Councilman Rodolph and seconded by Councilman Lowry to transfer ownership of the property in lots 18-22, Block 36 of Original Clinton to the Clinton Industrial Authority.

Mayor put the motion to a roll call vote:

Aye: Rodolph, Lowry, Sami, Hulin, Adams
Nay: None

Mayor declared the motion carried.

AGENDA ITEM NO 5.COUNCIL REPORT

None

AGENDA ITEM NO. 6: MANAGER'S REPORT

City Manager Steve Hewitt reported that a Pre-Construction conference is scheduled with the contract and Oklahoma Department of Transportation regarding Chapman Road.

AGENDA ITEM NO. 7 : AUDIENCE PARTICIPATION

Curtis Maloy asked why water samples were not taken at the time of the pump test.

Mike Abramson said the utility bill for his commercial rental property had been increased and he wanted it to be explained. He said he has one water meter, sewer system and solid waste service and that has not changed over the years.

City Attorney Ryan Meacham said that so as not to violate the Open Meeting laws, this topic should not be discussed at a public meeting. He suggested discussing this with the City Manager in his office.

AGENDA ITEM NO. 8: ADJOURNMENT

Moved by Councilman Lowry and seconded by Councilman Hulin to adjourn the meeting.

Mayor put the motion to a roll call vote:

Aye: Lowry, Hulin, Sami, Rodolph, Adams

Item Title/ Subject: Add Alternate 1 for Chapman Road, Agreement Supplement with ODOT

Staff Source: City Manager, Steve Hewitt

Date: March 14, 2014

Background/Subject Information:

Recap: Bids were opened by ODOT last September for Chapman Road. ODOT only received one bid (Tom Hudson Paving). Additional Funding was provided by ODOT to assist in the Bid (over the ODOT estimate). Council approved the additional funding with ODOT's additional funding to begin this project; base bid only, ODOT stated that was all the funding the time..

Base Bid: Chapman Road: from railroad to Neptune. Alt. 1: railroad to 28th. Alt.: improvements to Red Wheat moving north to bridge. (See Attachment: Bid Sheet)

Project awarded to Tom Hudson Paving. I began conversations with Tom Hudson looking at ways to save money and complete Alt. 1 (bid was $330,000). I made formal request to ODOT asking them to review some items that would make Alt. 1 feasible and affordable. I received a letter Monday from ODOT that provides more money to the project. The contribution from the City for Alt. 1 is now only $112,806.

There will never be an opportunity at this price to complete this project.

Recommendation:

Staff recommends funding this Agreement for the Alternate 1 as an economic development improvement item. With the new Hotel, this project and its timing are appropriate. The pricing is the best the City will ever see; let's complete the critical needs of the project while it's affordable.

Price/Cost: $112,806 (funding from Economic Dev. Funds)

Re: Chapman Road - Change Order for Add Alternate 1

We have reviewed the information you have provided and we propose the following revised funding arrangements to help enable the completion of Add Alternate 1-

This additional work would be implemented as a Change Order to the current contract with Tom Hudson Paving.

We have determined that funds are available to provide an increase in the federal STP cap from $1,032,734 to $1,250,000 in order to participate with the City toward the cost of completion of Add Alternate 1. City funding would increase from $698,725 to $811,531.

The funding breakouts referenced above and on the following page are based on the bid proposal originally submitted by the contractor. -

At the close of the project and after all adjustments and audits are completed, the Department's Comptroller would compute the participating cost share at 80% federal up to the combined TCSP and STP federal cap ***($1,627,287).***

The balance of costs would be the responsibility of the City of Clinton.

These revised funding arrangements are reflected in the attached Supplemental and Modification Agreement #2 submitted for City review and approval. Please return (3) signed original agreements to my attention for Department approvals if you concur.

No additional City funds are due at this time to implement this agreement, although the Comptroller may issue an invoice to the City upon the Change Order approval.

If you have questions or comments, please contact me at (405) 521-2737.

Sincerely,

Mark Scott
