AGENDA ITEM NO. 3: CONSENT AGENDA

A. Minutes of Regular Meeting of May 6, 2014

Moved by Trustee Hulin and seconded Trustee Lowry, that Consent Agenda Item No. 3 (a) be approved.

Chairman put the motion to a roll call vote:

Aye: Hulin, Lowry, Sami, Rodolph, Adams
Nay: None

Chairman declared the motion carried.

AGENDA ITEM NO. 4 ACTION ITEMS

4A. CONSIDER STAFF RECOMMENDATION REGARDING SOLID WASTE TRUCK/PACKER BODY

City Manager Steve Hewitt explained that staff had reviewed the bids for the solid waste truck/packer body and recommends that the bid from Kann Manufacturing Corp in the amount of $189,339.00 be accepted. Staff recommends that the 1997 International Round Body truck be retained since the trade-in value was $7,000.00. He said that the low bid submitted by Southwest Equipment Company for $165,861.00 did not meet the required specifications. The amount included in the budget for this piece of equipment is $185,000.00.

Motion was made by Trustee Lowry and seconded by Trustee Hulin to approve staff recommendation to award the bid to Kann Manufacturing Corp in the amount of $189,339.00 and retain the 1997 International Round Body truck.

Chairman put the motion to a roll call vote:

Aye: Lowry, Hulin, Sami, Rodolph, Adams
Nay: None

Chairman declared the motion carried.

AGENDA ITEM NO. 4 ACTION ITEMS

4A. SEVERN TRENT WATER UPDATE

City Manager Steve Hewitt introduced Edward Schwab, Business Development Manager for Severn Trent Services, who presented an update on the progress over the past couple of weeks.

Mr. Schwab explained that engineers from Burns & McDonnell have been analyzing existing data and reviewing the existing water treatment plant. He said they will be meeting with Canute and reviewing the golf course area. He said that they are reviewing all potential sources of water. He said they are looking at an efficient plant locations and pipe line directions.

Schwab said that they are looking at the potential of using treated wastewater for irrigation at the golf course rather than well water.

Schwab said that they will be conducting test to help with the decision regarding where to do test wells. He said they are looking at placing a meter on the existing well at the golf course.

Trustee Rodolph asked about the second well at Canute. He said he understood that was a delay on the sampling.

Schwab said there are time requirements for certain tests.

Trustee Hulin said he understood that the testing did come in as acceptable.

Trustee Rodolph asked if they are looking at potential use of existing wells.

Schwab said they are looking at new wells. He said that are looking to evaluate above ground pipeline and evaluate the value of a temporary solution.

Trustee Hulin asked if the two wells are not in use by Canute.

Schwab confirmed they are not is use by Canute. He said he would be working with the Council and Canute to determine who would drill wells, who would own wells and to review the pipe maps to look at the quickest route with the least amount of new pipe required.

Trustee Hulin asked with the nitrate level range if the water could be blended.

Jeremy Brush of Severn Trent said the water could be blended with a package unit. He said construction will be starting at the water treatment plant. He said the crane will be installed next week.

Brian Meier of Burns & McDonnell said they are looking for a long term vision for the plant. He said they will be preparing a technical memo providing details of the plant soon.

AGENDA ITEM NO. 5 TRUSTEE REPORT

None

AGENDA ITEM NO. 6: MANAGER'S REPORT

City Manager Steve Hewitt reported that the information from Canute is critical and that discussion with legal counsel of Canute continues and that a draft agreement will be presented.

AGENDA ITEM NO. 7: AUDIENCE PARTICIPATION

WATER PURCHASE CONTRACT

This agreement (the "Agreement"), made and entered into this _____ day of _____, 2014, by and between The Public Works Authority for the Town of Canute, Oklahoma ("Canute") and The Public Works Authority for the City of Clinton, Oklahoma ("Clinton").

WHEREAS, on April 1, 2013, Canute and Clinton entered into a Memorandum of Understanding whereby Canute was to provide Clinton processed water from a reverse osmosis water treatment facility (the "MOU"); and

WHEREAS, Canute has incurred engineering expenses and related costs in complying with the terms and conditions of the MOU and has submitted to Clinton a summary of said costs. A dispute has arisen between Canute and Clinton regarding the amount of reimbursement that Clinton owes to Canute; and by way of compromise and settlement, Canute and Clinton have agreed to terminate the MOU and enter into this Agreement; and

WHEREAS, Canute has entered into Water Purchase Contracts with (i) The Davis 1986 Joint Revocable Trust (the "Davis Contract") and (ii) The Edward S. Greteman Revocable Living Trust dated September 17, 1996 and The Dolores Greteman Revocable Living Trust dated September 17, 2014 (the "Greteman Contract:); and

WHEREAS, Canute has agreed to sell Clinton unprocessed water produced under the terms of the Davis Contract and/or Greteman Contract and Clinton has agreed to purchase unprocessed water from Canute under the terms and conditions set forth below.

NOW, THEREFORE, for and in consideration of the mutual covenants contained herein, the parties agree as follows:

I. Termination of MOU.
Clinton agrees to pay Canute, on the date of execution of this Agreement, the sum of Eighty Thousand and No/100's Dollars ($80,000.00). On receipt of said sum, the parties agree that the MOU shall be terminated and Canute and Clinton shall be released from any and all claims, actions, damages or expenses which may be claimed by either party relating to the MOU.

II. Water Production.

Canute agrees to supply Clinton unprocessed water under the terms set forth herein. The parties agree and acknowledge that the water to be provided under the terms of this Agreement shall be untreated and unprocessed water produced under the terms of the Davis Contract and/or the Greteman Contract. Canute makes no representations or warranties regarding the quality of the water to be provided to Clinton. Canute specifically does not represent the quality of the water as set forth by the regulations of the Oklahoma Department of Environmental Quality or the Environmental Protection Agency regarding current or future maximum contamination levels adopted by said agencies.

A. Water Well Facilities. Canute shall be responsible for all wellhead costs, including, but not limited to, well drilling costs, wellhead pumps, well pipe and the operation and maintenance of the water wells which provide water to Clinton. Canute shall maintain ownership and control of all water well facilities. Canute will provide Clinton water at a central transmission metered valve located at the Southwest corner of Section 31, Township 11 North, Range 19 W.I.M., Washita County, Oklahoma, (the "Transmission Point").

B. Location of Water Wells. It shall be Canute's sole discretion regarding the location and drilling of water wells on the tracts of real property covered by the Davis Contract and Greteman Contract. It shall be Canute's sole responsibility and expense to deliver unprocessed water to the Transmission Point, including the construction, maintenance and operation of water pipeline to deliver water to the Transmission Point.

C. Interconnection Facilities. It shall be Clinton's sole responsibility and expense to transport water from the Transmission Point to Clinton water treatment facilities, including, but not limited to the construction, operation and maintenance of water pipelines, pump stations, reservoirs and easement acquisition (the "Interconnection Facilities"). Canute grants to Clinton the right to lay its water pipeline(s) in the most direct route from the Transmission Point to the nearest public right of way. Any additional easement acquisition shall be Clinton's sole responsibility and expense. Clinton agrees to complete the construction of the Interconnection Facilities on or before June 1, 2015.

D. Take or Pay Provision. Canute agrees to provide and sell to Clinton a minimum of 500,000 gallons of unprocessed water per day commencing upon completion of the Interconnection Facilities. In the event Canute can provide Clinton unprocessed water at said minimum daily rate, then, in that event Clinton shall be obligated to pay Canute for 500,000 gallons of unprocessed water per day under the rates set forth herein regardless of whether Clinton elects to purchase less than 500,000 gallons of water per day. In the event Canute is unable to provide Clinton at least 500,000 gallons of unprocessed water per day, averaged over a 60-day period, Clinton shall have the right to cease the

purchase of water from Canute and initiate the provisions of subparagraph II(f) below.

E. Contact Information. Canute and Clinton shall each notify and keep the other informed of the name of the individual(s) in charge of operations of their respective systems.

F. Greteman Minimum Water Rates. The parties agree and acknowledge that subsection 4(B) of the Greteman Contract contains an acceleration clause for monthly minimum payments ($3,000.00/mo) upon the commencement of production of water for sale to Clinton. The parties further agree and acknowledge that this provision is only applicable if water begins being produced and continues in production. Further, if the water ceases to be produced in amounts which exceed the required monthly minimum amount (Underproduction), Clinton will continue to pay the minimum purchase amount according to the following procedures:

(1) If prior to the 2 year Release date, provided for in Paragraph 5 of the Greteman Agreement, Clinton will pay $2,310.00 per month of the minimum purchase amount and Canute will pay $690.00 per month of the minimum purchase amount;

(2) If after the 2 year Release date, provided for in Paragraph 5 of the Greteman Agreement Clinton may require that the water production from the wells be immediately reduced to a volume equal to or less than $1,999.00 in cost, and the Agreement shall be terminated under the provisions of Paragraph 5 of the Greteman Agreement, in the following month.

III. Facilities, Equipment Installation and Operation.

A. Clinton will provide, at its cost, the Interconnection Facilities necessary to transmit groundwater from the Transmission Point to Clinton's water facilities.

B. Clinton will be responsible for the operation and maintenance of the Interconnection Facilities.

C. Clinton shall provide any and all devices reasonably necessary for the purpose of controlling, measuring, transmitting and recording flows of the supply of water furnished, and for the transmitting and recording of pressures, reservoir levels and other required operational information.

D. Clinton will, at its own expense, operate, maintain, replace and improve the Interconnection Facilities as it deems necessary for delivery of groundwater to Clinton when and as required under this Agreement during the term of this Agreement.

E. Clinton agrees that Canute, at its own expense, may connect to the Interconnection Facilities any pumping station for the purpose of supplying water to Canute's distribution system provided that Clinton's right to receive 500,000 gallons of unprocessed water per day is not impaired.

F. Canute will be responsible for the drilling, operation and maintenance of the water well(s) that provide water to Clinton under the terms of this Agreement.

G. Canute will obtain all necessary permits, licenses, inspections, zoning, approvals and right-of-ways for the wells drilled or to be drilled relating to the Davis Contract and the Greteman Contract.

IV. Delivery.

A. Canute shall deliver groundwater at such time as Clinton shall have completed the construction of the Interconnection Facilities.

B. The Parties shall each notify the other as promptly as practicable of all emergencies, failures, malfunctions or other conditions in their respective system which may directly or indirectly affect the other party's system.

V. Reporting Requirements.

Canute shall submit on a monthly basis, by the 10th day of each month, a report showing the amount of unprocessed water delivered to Clinton at the Transmission Point for the previous month.

VI. Measurement.

A. The quantity of groundwater furnished to Clinton under this Agreement will be measured on the discharge piping at the Transmission Point. The unit of measurement shall be gallons of water, United States Standard Liquid Measure.

B. Clinton shall provide mutually acceptable meters for measuring the supply of water on the discharge side of the Interconnection Facilities, and mutually acceptable master meters for measuring the flow of water in the discharge headers from Interconnection Facilities pumping station. The master meters will be the primary devices used for the registration and billing of quantities of water supplied under this Agreement. All meters are to be adjacent to and readable in the Interconnection Facilities pumping station.

C. Clinton's representative will regularly inspect the meters measuring the supply of water furnished and at the expense of Clinton will repair or replace any part of a meter which has a total registration greater than the industry standards, or which has been in service for a period greater than the industry standard or which is known or suspected to be registering incorrectly. Canute shall check the master meter for accuracy semiannually.

D. The readings made for purposes of billing Clinton shall be made by Canute every calendar month. Weekly readings shall be transmitted to Clinton.

E. When it is determined that a measuring device registered incorrectly, an estimate of the amount of water furnished through the faulty device shall be prepared by Clinton and transmitted to Canute for the purpose of billing Clinton. The estimate shall be based upon the best available information, including summation of other available meter readings from Canute's water wells, the average of twelve preceding readings of the meter, exclusive of incorrect reading, and calibration of the master meter.

VII. Rates and Billing.

A. The charges for groundwater furnished to Clinton under this Agreement shall be at a fixed rate described below. These charges shall not be subject to any subcharge, fee or tax.

B. Canute shall bill Clinton at monthly intervals for all groundwater furnished to Clinton under this Agreement. Clinton shall pay the water bill within 21 days after the monthly bills are submitted.

C. The water rates for water purchased by Clinton under this Agreement shall be computed as follows:

(1) $1.23 for each 1,000 gallons of water purchased under the terms of this Agreement plus Canute's actual cost per 1,000 gallons for water purchased under the terms of the Davis Contract and the Greteman Contract. This rate will continue until 912,500,000 gallons of unprocessed water is purchased by Clinton.

(2) After 912,500,000 gallons of water is purchased by Clinton, the water rate for the balance of the term of this Agreement shall be $1.00 for each 1,000 gallons of water purchased under the terms of this Agreement plus Canute's actual cost per 1,000 gallons for water purchased under the terms of the Davis Contract and the Greteman Contract.

VIII. Terms and Standard Conditions.

A. This Agreement shall be for a term of forty (40) years commencing on the date water is first delivered, subject, however, to the option of Clinton to renew this Agreement for a like term or lesser term of not less than ten (10) years. Written notice of Clinton's intent to extend this Agreement shall be submitted to Canute no less than six months prior to the expiration of this Agreement.

B. This Agreement shall not be assigned or transferred by either party without the consent of the other.

IX. Force Majeure.

A. The term "Force Majeure" as used in the Agreement shall mean acts of God and any event or effect that cannot reasonably be anticipated or controlled.

B. In any case by reason of "Force Majeure" Canute or Clinton is rendered unable wholly or in part to carry out its obligations under the Agreement, notice and full particulars of such "Force Majeure" are to be given in writing within a reasonable period of time by the party unable to carry out its obligations to the other party.

C. The obligation of the party given such notice, so far as it is affected by "Force Majeure," shall be suspended during the continuance of the inability claimed, but no longer.

D. Both Canute and Clinton may exercise their rights under this "Force Majeure" section with regard to all provisions of this Agreement.

X. Service of Notice.

All notices or communications provided for in this Agreement shall be in writing and shall be delivered to Clinton or Canute either in person or by United States mail, via registered mail, return receipt requested, postage prepaid, addressed

to Clinton as follows: _____

to Canute as follows: _____

until and unless other addresses are specified by notice given in accordance with this Agreement.

XI. Events of Default and Remedies.

A. The following events shall be deemed to be events of default ("Events by Default") by Clinton under this Agreement:

1. Clinton shall fail to timely pay for water purchased under this Agreement.

2. Clinton shall fail to comply with any term, provision or covenant of this Agreement.

B. Upon the occurrence of any of such Events of Default, Canute may, in its discretion, in addition to all other legal and equitable remedies available to it, including the right to seek damages, terminate this Agreement.

C. Upon the breach of this Agreement, the prevailing party shall be entitled to reimbursement of its attorney fees and costs incurred in enforcing the terms of this Agreement.

D. No failure by Canute to insist upon the strict performance of any agreement, term, covenant or condition hereof or to exercise any right or remedy provided to Canute upon a breach thereof, and no acceptance of full or partial water purchase payments during the continuance of any such breach, shall constitute a waiver of any such breach or of such agreement, term, covenant or condition.

XII. Miscellaneous

A. Expenses. Each party hereto shall pay its own expenses incident to the negotiation, preparation and consummation of this Agreement, including all fees and expenses of their respective counsel and accountants.

B. Binding Effect. The provisions of this Agreement shall be binding upon and inure to the benefit of the parties, their successors and assigns.

C. Governing Law. This Agreement is being executed in and shall be governed by and construed in accordance with the laws of the State of Oklahoma, without giving effect to conflict of laws.

D. Relationship of Parties. The parties hereto intend and contemplate that their relationship shall not be construed, nor shall any provision of this Agreement be interpreted, so as to create a partnership or joint venture between them or their respective successors in interest.

E. Cooperation; Consents. Subject to the terms and conditions of this Agreement, each Party will use reasonable efforts to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary or desirable under applicable law to consummate the transactions. The Parties agree to execute and deliver such other documents, certificates, agreements and other writings and to take such other actions as may be reasonably necessary or desirable in order expeditiously to consummate the transactions.

F. Entire Agreement; Amendment. This Agreement constitutes the entire agreement by the parties with respect to the subject matter hereof, and supersedes all prior oral and written agreements, commitments or understandings with respect to the matters provided herein. This Agreement may not be changed orally, but only by an instrument in writing signed by the party against whom enforcement of any waiver, change, modification, extension or discharge is sought.

G. Severability. If any part or any provision of this Agreement shall be invalid or unenforceable under applicable law, said part or provision shall be ineffective to the extent of such invalidity or unenforceability only, without in any way affecting the remaining parts of such provisions or the remaining provisions

of this Agreement, which shall be construed as if such invalid parts or provisions had not been inserted.

H. Headings. The headings of the paragraphs contained in this Agreement are inserted for convenience only and do not form a part of or affect the meaning, constructions or scope thereof.

I. Counterparts. This Agreement may be executed in separate counterparts, none of which need contain the signatures of all parties, each of which is deemed to be an original, and all of which taken together constitute one and the same instrument.

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement as of the date first written above.

Re: Permit No. WL000020140285
PAX mixer installation and repairs to Airport and West Tanks
Facility No. 1010828

Dear Mr. Hewitt:

Enclosed is Permit No. WL000020140285 for the installation of a PAX active mixer and exterior renovations to the Airport Tank, and interior and exterior renovations to the West Tank to serve Custer County, Oklahoma.

The project authorized by this permit should be constructed in accordance with the plans approved by this Department on May 15, 2014. Any deviations from the approved plans and specifications affecting capacity, flow or operation of units must be approved, in writing, by the Department before changes are made.

Receipt of this permit should be noted in the minutes of the next regular meeting of the City of Clinton, after which it should be made a matter of permanent record.

We are returning one (1) set of the approved plans to you, one (1) set to your engineer and retaining one (1) set for our files.

Sincerely,

Sara Senyondo, Ph.D.

Permit No WL000020140285

WATER LINES

PWSID No. 1010828

PERMIT TO CONSTRUCT

May 15, 2014

Pursuant to O.S. 27A 2-6-304, the City of Clinton is hereby granted this Tier I Permit for the installation of a PAX active mixer and exterior renovations to the Airport Tank, and interior and exterior renovations to the West Tank located in SW/4, SW/4, SW/4 of Section 7, T-12-N, R-16-W and SW/4, SW/4, SW/4 of Section 12, T-12-N, R-17-W, to serve Custer County, Oklahoma, in accordance with the plans approved May 15, 2014.

By acceptance of this permit, the permittee agrees to operate and maintain the facility in accordance with the Public Water Supply Operation rules (OAC 252:631) and to comply with the State Certification laws, Title 59, Section 1101-1116 O.S. and the rules and regulations adopted thereunder regarding the requirements for certified operators.

This permit is issued subject to the following provisions and conditions.

1) That the recipient of the permit is responsible that the project receives supervision and inspection by competent and qualified personnel.

2) That construction of all phases of the project will be started within one year of the date of approval or the phases not under construction will be resubmitted for approval as a new project.

3) That no significant information necessary for a proper evaluation of the project has been omitted or no invalid information has been presented in applying for the permit.

4) That the Oklahoma Department of Environmental Quality shall be kept informed on occurrences which may affect the eventual performance of the works or that will unduly delay the progress of the project.

5) That wherever water and sewer lines are constructed with spacing of 10 feet or less, sanitary protection will be provided in accordance with Public Water Supply Construction Standards [OAC 252:626-19-2].

6) That before placing this facility into service, at least two samples of the water, taken on different days, shall be tested for bacteria to show that it is safe for drinking purposes.

7) That any deviations from approved plans or specifications affecting capacity, flow or operation of units must be approved by the Department before any such deviations are made in the construction of this project.

PERMIT TO CONSTRUCT

8) That the recipient of the permit is responsible for the continued operation and maintenance of these facilities in accordance with rules and regulations adopted by the Environmental Quality Board, and that this Department will be notified in writing of any sale or transfer of ownership of these facilities.

9) The issuance of this permit does not relieve the responsible parties of any obligations or liabilities which the permittee may be under pursuant to prior enforcement action taken by the Department.

10) That the permittee is required to inform the developer/builder that a DEQ Storm Water Construction Permit is required for a construction site that will disturb one (1) acre or more in accordance with OPDES, 27A O.S. Section 2-6-201 *et. seq.* For information or a copy of the GENERAL PERMIT (GP-005) FOR STORM WATER DISCHARGES FROM CONSTRUCTION ACTIVITIES, Notice of Intent (NOI) form, Notice of Termination (NOT) form, or guidance on preparation of a Pollution Prevention Plan, contact the Storm Water Unit of the Water Quality Division at P.O. Box 1677, Oklahoma City, OK 73101-1677 or by phone at (405) 702-8100.

11) That any notations or changes recorded on the official set of plans and specifications in the Oklahoma Department of Environmental Quality files shall be part of the plans as approved.

12) That water lines shall be located at least fifteen (15) feet from all parts of septic tanks and absorption fields, or other sewage treatment and disposal systems.

13) That whenever plastic pipe is approved and used for potable water, it shall bear the seal of the National Sanitation Foundation and meet the appropriate commercial standards.

14) That when it is impossible to obtain proper horizontal and vertical separation as stipulated in Public Water Supply Construction Standards OAC 252:626-19-2(8)(A) and OAC 252:626-19-2(8)(B), respectively, the sewer shall be designed and constructed equal to water pipe, and shall be pressure tested to the highest pressure obtainable under the most severe head conditions of the collection system prior to backfilling in accordance with Water Pollution Construction Standard OAC 252:656-5-4(c)(3).

Failure to appeal the conditions of this permit in writing within 30 days from the date of issue will constitute acceptance of the permit and all conditions and provisions.

PUBLIC HEARING
TUESDAY, MAY 6, 2014
CITY HALL
5:30 P.M.

Minutes of a Public Hearing held in the Clinton City Council Room, City Hall on Tuesday, May 6, 2014 at 5:30 P.M. A notice of this meeting was posted on the bulletin board in the lobby of the Clinton City Hall on April 14, 2014.

The public hearing was to discuss the request of Joe and Sandra Zerby to request property to be de-annexed from the City of Clinton.

City Manager Steve Hewitt explained that the request has been presented to the Planning and Zoning Board. The Board has approved the request and forwarded the request to the City Council.

Councilman Wheeler asked why the owners are requesting the deannexation.

Mr. Zerby stated that he has always lived in the country and had recently purchased this property and would prefer for it to be outside the city limits.

City Clerk Lisa Anders reported that the property owners within 300 feet had been notified of the Planning and Zoning Board meeting. She also said that along Airport Road there are two homes that have been annexed into the City so there would be one home remaining inside city limits.

There were no questions, comments and statements from the audience regarding the de-annexation request..

The public hearing was adjourned.

AGENDA ITEM NO. 6: MANAGER'S REPORT

City Manager Steve Hewitt reported that work is continuing on the public pool but that new issues have been found.

Parks & Recreation Director Kris Wermy said a leak has been discovered in the concrete around the plunge pool of the waterslide. He reported that the main pool and the kiddie pool are in good shape and will be ready for opening day on May 24th but the slide is questionable. Since this was an emergency type situation, no estimates on costs are available.

City Manager Steve Hewitt said he is waiting on information from engineer, Joe Ridley so there was no update on the Robinson Addition project. He reported that the Chapman Road project is on schedule.

Hewitt said the Budget Work session has been schedule for Tuesday, May 27th at 5:30 at the Frisco Center.

Hewitt also reported that the City had been notified of being awarded the $143,000 CDBG grant for the ladder truck.

City Manager Steve Hewitt said the City has been notified of an opening on the Oklahoma Municipal Retirement Fund Board. If the City chooses to make a nomination to the Board, this would need to be done with a resolution and that item could be placed on the agenda for the next meeting.

Councilman Sami commented on the installation of the audible crosswalk on 10th Street.

AGENDA ITEM NO. 7 : AUDIENCE PARTICIPATION

None

AGENDA ITEM NO. 8: ADJOURNMENT

Moved by Councilman Hulin and seconded by Councilman Sami to adjourn the meeting.

Motion was made by Councilman Lowry and seconded by Councilman Rodolph to approve the CDBG Administrative contract agreement with SWODA for the purchase of a fire truck.

Mayor put the motion to a roll call vote:

Aye: Lowry, Rodolph, Sami, Hulin, Adams

Nay: None

Mayor declared the motion carried.

5. REVIEW OF 2014-2015 FISCAL YEAR BUDGET

City Manager Steve Hewitt introduced City Treasurer Debra Blanchard and began the review of the budget.

GENERAL FUND

City Treasurer Debra Blanchard reviewed the expenditures and point out that they are estimating less than 1% increase. She said that the health/dental insurance premiums have a 2-3% increase.

City Manager Steve Hewitt said that the Oklahoma Municipal League dues have increased this year. He noted that $15,000 has been included in the Contribution to Other Agencies for Western Plains Library System. He said this is for replacement of carpet at the Clinton Public Library so it should be included in the Captial budget as an improvement to a city facility.

Councilman Hulin asked about the change in Inspection Personnel.

Treasurer Blanchard said there has been a shift in the budget for an employee that is working part time in the Public Works Department and part time in Code Enforcement.

Councilman Hulin asked about the decrease in the Fire/Emergency Management fund.

Treasurer Blanchard said the city had applied for a weather radio grant some time ago and

was awarded the grant during this fiscal year. She said there will be a budget amendment presented.

Fire Chief Randy Carpenter said the grant allowed the purchase of just over 900 weather radios and all but four have been distributed.

CAPITAL

City Manager Steve Hewitt noted that $100,000 has been budgeted for street overlay and $100,000 has been budgeted for work on Commerce Road.

Councilman Hulin asked about the cost of the audible crossing signals.

City Manager Steve Hewitt said that one audible crossing signal per year is included in the budget. He said the signal cost between $5,000 and $7,000 per intersection. There is a total of seven intersections and one was installed this year.

Councilman Rodolph asked if the final six could be included in the Capital budget. It was agreed to include audible crossing signals for the remaining six intersections.

Treasurer Debra Blanchard said the funds for the fire truck have been included.

City Manager Steve Hewitt said spray foam insulation for Acme has been included in the budget. He explained that this would result in future savings on utilities. A safety cover for the swimming pool is included. He explained that this would allow for water to remain in the pool during the off season and also reduce the need for painting.

Councilman Hulin asked about the San Server Storage in the Facilities Capital Budget.

Gene McCullough explained that is an IT item for storage. He said that is a high estimate but wanted to make sure that would cover the needed equipment.

City Manager Steve Hewitt said there are issues with the Central Garage Building so the Transfer Out line item for Other Uses/Transfer Out to Solid Waste for Sanitation/Central Garage Building of $40,000 has been included.

Public Works Director Donald Webb said the current roof is leaking and the estimate for repairs is $62,000.00. He said he is getting pricing for a metal barn.

City Manager Hewitt said this would be a prefabricated building and the existing building would be torn down.

Treasurer Blanchard said the total of $180,000 has been split between the Solid Waste and Central Garage.

PUBLIC WORKS AUTHORITY

City Manager Steve Hewitt said he anticipated a secondary water source being provided for part of the season. He said he expects it to be in place by next spring.

Treasurer Blanchard said the agreement with Severn Trent has a CPI included so the increase will be 2.4% based on service industry. She said the agreement with Allied Waste has a CPI included so the increase will be 1.126% for solid waste service.

Treasurer Blanchard said a $75,000.00 contingency line item is included in the water budget. She reported that a collection agency has been utilized for the collection of bad debts. She reviewed the capital needs for Public Works. She said there is a potential for a Hazardous Mitigation grant to be awarded for the purchase of a generator.

Public Works Director Donald Webb discussed lease purchasing a boring machine at $20,000 for a three year period.

Treasurer Blanchard said that a contingency line item of $45,000.00 is included for the sewer budget.

City Manager Steve Hewitt explained that cost on Severn Trent agreement has not been included in the budget. He said if it is decided to not proceed with Phase II that an adjustment would need to be made.

SOLID WASTE AUTHORITY

Treasurer Blanchard said charges for services have increased with the increase of the CPI. She reported that the roll-off truck provides a source of revenue for the Solid Waste Authority.

Blanchard said that the new solid waste truck has been ordered but will not be delivered until the fall so this is being rolled into the new budget as a carry-over. The budget also includes the transfer of $40,000 for the building purchase.

AIRPORT AUTHORITY

Treasurer Blanchard said the City has received an FAA grant for the perimeter fencing so this will be a revenue source and expenditure.

City Manager Hewitt said the terminal building is in need for replacing the heat/air system and replacement of the roof. He said these two projects have been combined and said the budget for next year should be much lighter. He said painting of the exterior of the terminal building is needed but will wait to the following year.

She said the Jet A fuel sales is increasing but was overestimated for the current year.

City Manager Hewitt said the fencing and Jet A fuel is important for qualifying for the runway extension and also helps with economic development.

RECREATIONAL AUTHORITY

Treasurer Blanchard said that $170,000 has been budgeted as a subsidy to the Golf Couse. She said the capital request for the Golf Course is included in the Capital Improvement Fund.

The donation from the Men's Golf Association for work on Hole #10 is included in the Capital Budget.

INDUSTRIAL AUTHORITY

Treasurer Debra Blanchard said the authority has four different sections. Non-Departmental is for small economic development projects or industrial building or land. The capital outlay for the roadway at a cost of $35,000 has been included. She said a mini-grant has been received for this project also.

The second section is Industrial Land Housing and this is for expenses associated with Robinson Housing addition.

The third section is Commercial Industrial/Industrial Development. This is for the industrial park. An EDA grant will be submitted with the help of SWODA for development of this property.

The fourth section is the Frisco Center. This includes the lodging tax which should increase this year with the opening of a new hotel scheduled. Capital Outlay for the Frisco Center includes replacement of the HVAC and installation of security cameras. The contractual services line item includes maintenance items such as painting of the meeting rooms.

CENTRAL GARAGE

Treasurer Debra Blanchard said the Central Garage fund is an internal service fund that provides services to other departments and then bills for the services.

HOSPITAL AUTHORITY

Treasurer Blanchard said rent on the facility is included. She said only the interest earnings are spent on Acme payments when needed.

HOPE

Treasurer Blanchard said this department is for the operation of the four apartments on Frisco. She said they stay at full occupancy most of the time and the budget includes the replacement of windows. The apartments were built to historical standards and are not necessarily energy efficient.

4TH CENT ACME/ ECONOMIC DEVELOPMENT/FD/PD

Treasurer Blanchard said these are pass through funds to the Public Works Authority for debt service.

ECONOMIC DEVELOPMENT

Treasurer Debra Blanchard said the budget includes sales tax and reimbursement from TIF and local businesses on the sewer/water project in the area.

CEMETERY PERPETUAL

Treasurer Blanchard said the budget includes $30,000 for the fencing of the perimeter of the cemetery.

ADJOURN

Motion was made by Councilman/Trustee Hulin and seconded by Councilman/Trustee Rodolph to adjourn the meeting.

Chairman/Mayor put the motion to a roll call vote:

Aye: Hulin, Rodolph, Lowry, Sami, Adams

Nay: None

Chairman/Mayor declared the meeting adjourned at 6:30 PM.

Agenda Commentary

Item Title/ Subject: Consider Retail Strategies Proposal

Staff Source: City Manager, Steve Hewitt

Date: May 30, 2014

Item/Subject Summary:

Staff has spoken with and seen Retail Strategies success in recruiting growth to Cities across the region. Oklahoma Cities such as Edmond and Woodward utilize their services. Staff felt their services would be a major advantage in helping bring new sales tax dollars to Clinton.

We continue to see our local neighbors see new retail businesses develop and our situation and locations needs a Private-Public partner to assist us for growth. We see tax dollars daily from our own citizens leave Clinton due to lack of some retail options. We also worry that national trends can place this community in a difficult position if the business climate changes.

Price/Cost: $50,000 year one, $25,000 year two/three. (Economic Development Fund has available reserves)

Recommendation:

Staff would suggest a serious consideration of their services. To have a top firm representing you at the table for growth is important. This type of service is much better than hiring any employee to make cold calls and hope for something to happen. Progressive communities across Oklahoma see the need for a Retail recruiting partner. These sales tax dollars are what fund our community services.

STRATEGIES

PROPOSAL TO THE CITY OF CLINTON (OK)
MARKET ANALYSIS, STRATEGIC PLANNING AND RETAIL RECRUITMENT

INTRODUCTION:

Birmingham based Retail Strategies, LLC is a retail consulting firm offering unparalleled market analysis, strategic planning, and retail recruitment services to municipalities and economic development authorities. We currently have employed 14 research, marketing and real estate professionals plus we have established numerous relationships with commercial real estate firms and developers across the U.S. to assist our public sector consulting engagements. We have offices in Birmingham (AL), New Orleans (LA) and Dallas (TX).

The current economic environment has taken its toll on cities throughout the country, many of whom rely on volatile retail sales taxes as a primary source of revenue. Basic community services and quality of life depend heavily on a city's ability to broaden the sources of public revenue. This often requires the city to recruit additional retailers, identify local entrepreneurial opportunities or assist existing businesses in better understanding their potential through detailed market analysis.

To accomplish this, cities today need a plan to address their retail recruitment initiatives. In many instances, city economic development efforts turn to retail consultants to address these issues, only to be left with research reports, a list of retailers, and limited guidance on the actual process of recruiting prospects to their community.

Retail Strategies, LLC partners with the appropriate city departments, staff, elected officials and other stakeholders to identify, through in-depth research and analysis, opportunities to recruit retail concepts that expand and improve the retail tenant mix and retail tax base throughout the client's community. Our unique research solutions help you better understand the strengths, weaknesses, and opportunities in your retail trade areas through demographic and business analysis, retail gap analysis, and peer analysis.

Once we have completed the research assessment we then focus on the primary benefit of our services – the retail recruitment strategic plan and recruitment of retailers. The conclusions of retail research reports are meaningless without effectively executing a Strategic Retail Recruitment Plan.

Our Process

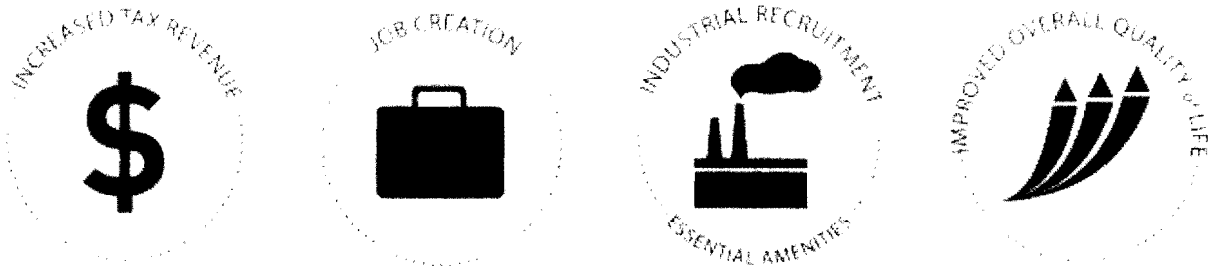

- Market Analysis
- Retail GAP Analysis
- Retail Peer Identification & Analysis

- Catalog Available Properties
- Identify Retail Prospects
- Develop Recruitment Plan

- Retailer Recruitment and Execution of the Retail Strategic Plan
- Updates on Retail Industry Trends
-

Additional Information and Sources for our Research:

- Census data from 1980 through 2010 (Census years).
- Most of our data providers use similar methodologies for creating estimates and projections – which is then impacted by methodologies for aggregating that data across block groups up to trade area boundaries.
- AGS demographics for current year and 5 year projections.
- ESRI demographics for current year and 5 year projections.
- PopStats demographics for current year and 5 year projections.
- Claritas demographics for current year and 5 year projections.

- We use the following additional datasets for segmentation analysis:
  - MOSAIC
  - Tapestry
  - Prizm
- MRI's Consumer Behavior and Attitude data.
- Other data from the Bureau of Economic Analysis, Census of Retail/Consumer Spending, and the Department of Labor.
- Multiple sources for our GAP Analysis supplemented by business databases and our boots on the ground market research.
- We have access to EMSI for employment, occupation and wage information if needed.
- Crime stats directly from the FBI.
- IPEDS for analysis of 2 year and 4 year education institutions when needed to better understand the demographics of college students in a given market/trade area.
- Create geographies and maps down to areas as small as .5 mile radius or 1 minute travel times.
- Create custom retail trade areas by aggregating geography boundaries or hand drawing polygons.
- Our software allows us to filter a retailer's locations to match with targeted sites.
- Regus will create aerials by city, retail trade area or development/redevelopment zones including locations of all existing retail.

RETAIL STRATEGIES RESEARCH:

Our research solutions are not a "one size fits all" or pre-formatted by an industry standard radius or drive-time area. Each city, community, or retail trade area requires unique analysis based on numerous factors including natural boundary areas, current retail tenant mix, travel times, radius areas and existing sites/buildings. Our research focuses on identifying the data points that are most likely to influence the site location decisions of retailers. Once these data points are determined – we provide thematic maps, aerial photos, asset maps, and customized research reports by retail concept.

Retail Strategies primary data resources include:

CENSUS, AGS AND ESRI DEMOGRAPHICS

By incorporating demographic data from multiple sources, DDR is able to better understand the population, income and retail spending shifts taking place in the current economic environment.

BUSINESS LOCATION DATA

This location data is ideal for competitive analysis, understanding market opportunities and evaluating market dynamics.

Sourced to D&B®, the world's most trusted source of sales and marketing solutions, all D&B information is powered by DUNSRightTM, D&B's Quality Process which gives you the insight you need to identify and target prospects.

CONSUMER EXPENDITURES

This data includes 18 reports and close to 1,000 variables that collectively cover almost 95% of household spending. Based on extensive modeling of the BLS Consumer Expenditure Survey, CEX provides reliable estimates of market demand and average household expenditures.

RETAIL POTENTIAL

This new tabulation utilizes the Census of Retail Trade tables which cross-tabulates store type by merchandise line. The Consumer Expenditure data was aggregated to the merchandise line classification and then distributed to each of the major store types.

TAPESTRY

Tapestry classifies US neighborhoods into 65 market segments based on socioeconomic and demographic factors, then consolidates them into LifeMode and Urbanization Groups.

FINAL DELIVERABLE AND STRATEGIC RETAIL RECRUITMENT PLAN:

Upon completion of the research component of our engagement, the Retail Strategies team will create an online account through our BASECAMP platform available to the appropriate contacts in Clinton (OK) to access all research, analysis and the strategic plan.

1. Retailer Overview and Recruitment Plan- Summary of the primary retail gaps inclusive of the key retailers to be pursued with a prototypical overview of each retailer relative to size, economics, etc.
2. Local Property Catalog- Retail Strategies, LLC and its partners will work with the city to catalog all local commercial properties that may be suitable sites to present to prospective new retailers. This will include maps, marked aerials and all pertinent contact and site specific information relative to each site.

3. Call List and Recruitment Update- an ongoing tracking form to keep the identified city contacts updated relative to recruitment efforts and specific interaction with prospective retailers.
