Subject: **Chlorine Dioxide generator for the Clinton Lake Water Plant**

Mark,

The Chlorine Dioxide (CLO2) generator was damaged during the chlorine leak at the water plant in August 2011. We have had 2 technicians onsite who tried to repair the unit without success. This is a critical piece of equipment for the water plant to operate in compliance on a regular basis. The unit is more than 15 years old. The average CLO2 generator will last between 5-10 years. I have collected 3 quotes to replace the existing unit and a lease option.

Severn Trent Water Purification - $29,153.00
Haynes Equipment - $45,000.00
Evoqua - $123,000.00
Evoqua - $4,500.00/month ($54,000.00/year) lease option

All 3 units have the same warranty, which is 12 months from installation, or 18 months from receipt of the equipment. Also included in the price is the startup service. I have reviewed the specification sheets for the units, and the main difference is the STWP unit uses 2 chemicals, while the other two units use 3 chemicals to generate the CLO2. The current CLO2 generator uses 2 chemicals. The STWP unit is quoted at distributer pricing. That is the reason for the significant price difference. The approximate savings are $15,000.00, and we pass along to our clients. We plan to complete the installation in house.

Let me know if you have any questions

Also Evoqua came back and said they have a lease option for a generator which includes installation and monthly service for $4500.00 per month. They would maintain ownership of the unit and be responsible for all repairs and maintenance. That's a very pricy option though, at $54,000/year + chemicals.

Let me know if you need anything else

Hi Jeromy,

The Evoqua budgetary numbers for the new chlorine dioxide generator for the Clinton, OK WTP is as follows:
T150VF $84,000 (Installation Cost not included)
T80 Auto $123,000 (Installation cost not included)
I have attached the Auto chlorine dioxide generator brochure. I do not have an updated brochure for the T150VF, below is a picture of one.

I can obtain a manual T80 chlorine dioxide generator to use as a lender if an agreement is made for the purchase of new chlorine dioxide generator. This way you can get the plant up and running. Please let me know if you have any questions or concerns.

> Hi Mark,
>
> Nice to speak with you again. As we discussed the lease is held on the property by APB Logistics, a company that ceased operation early last year. Trinity Reserve was going to have it do the transloading for us but EMS Green ended up transloading our product there. Without going into our detailed discussion, I do not think the site is appropriate for commercial use. There is also some major issues there that happened many decades ago.
>
> However, in good faith we want to see about clearing the lease with the city. Trinity Reserve will provide a one time payment of $10,000.00 to clear the lease with the city and this should allow you to go forward with Farmrail. Please let me know what the response from the city is on our offer.

AGENDA ITEM NO. 4 ACTION ITEMS

4A. CONSIDER RESOLUTION NO. 838 REGARDING ADOPTION OF CAPITAL IMPROVEMENT PLAN

City Manager Mark Skiles reported that the resolution would need to be tabled as the presenter from SWODA was ill and unable to make the presentation regarding the Capital Improvement Plan.

4B. CONSIDER AND TAKE ACTION ON ORDINANCE NO. 954 PROVIDING FOR CONTINUING THE LEVY AND COLLECTION OF A FIVE TENTHS PERCENT (0.5%) SALES TAX

City Manager Mark Skiles explained that the ordinance is regarding a new sales tax that would be collected to address the 2014 bond issue and be earmarked 100% to alleviate the burden on the increase of

water rates. He said the questions would be on the ballot for an election in April and go into effect July 1, 2015. The sales tax would term out September 30, 2019.

Councilman Rodolph said this is one-half cent sales tax for five years and it would terminate at that time. He said this would eliminate the future water rate increase.

Motion was made by Councilman Rodolph and seconded by Councilman Martinez to adopt Ordinance No. 954 regarding providing for continuing the levy and collection of a five tenths percent (0.5%) sales tax.

Mayor put the motion to a roll call vote:

Aye: Rodolph, Martinez, Lowry, Hulin, Adams
Nay: None

Mayor declared the motion carried.

4C. CONSIDER AND TAKE ACTION ON ORDINANCE NO. 955 PROVIDING FOR CONTINUING THE LEVY AND COLLECTION OF A NINETY-FIVE HUNDREDTHS PERCENT (0.95%) SALES TAX

City Manager Mark Skiles explained that on September 30, 2019 the fourth penny sales tax that has been designated for the Police Department renovation, Fire Station construction, Economic Development funding and a .05 permanent tax for Acme Brick Park operations will expire. The ordinance proposes an election for April 2015 to continue the fourth penny sales tax to continue through 2044 with a new designation of .85% of the .95% sales tax for funding the water project and .15 for Economic Development.

Motion was made by Councilman Rodolph and seconded by Councilman Lowry to adopt Ordinance No. 955 providing for continuing the levy and collection of ninety-five hundredths percent sales tax.

Mayor put the motion to a roll call vote:

Aye: Rodolph, Lowry, Martinez, Hulin, Adams
Nay: None

Mayor declared the motion carried.

4D. CONSIDER AGREEMENT WITH MARS PETCARE REGARDING A RECYCLING SERVICE

City Manager Mark Skiles said this is a replication of the item on the Solid Waste Authority agenda for the City Council to acknowledge the approval of the recycling service for Mars Petcare.

Motion was made by Councilman Lowry and seconded by Councilman Hulin to approve the agreement with Mars Petcare regarding a recycling service.

Mayor put the motion to a roll call vote:

Aye: Lowry, Hulin, Rodolph, Martinez, Adams
Nay: None

Mayor declared the motion carried.

4E. CONSIDER AND TAKE ACTION ON SURPLUS OF 1982 FORD/BOARDMAN LADDER TRUCK TO DONATE TO WESTERN TECHNOLOGY CENTER

Fire Chief Randy Carpenter explained that he is not able to get parts for the 1982 ladder truck or to certify the ladder. He said that is the reason for the recent purchase of a ladder truck. He recommended to surplus the 1982 ladder truck and donate it to the Western Technology Center. They need a pumper to conduct training with. He said Clinton has four instructors that would be providing training at that facility who would be familiar with the truck. He said this would make good use of the truck rather than sell for scrap.

Motion was made by Councilman Rodolph and seconded by Councilman Martinez to surplus the 1982 ladder truck and donates it to the Western Technology Center.

Mayor put the motion to a roll call vote:

Aye: Rodolph, Martinez, Hulin, Lowry, Adams
Nay: None

Mayor declared the motion carried.

AGENDA ITEM NO. 6: MANAGER'S REPORT

City Manager Mark Skiles introduced Brian Meier of Burns and McDonnell to give an update on the Water Project and Water Treatment Plant.

He reported that 3 bids were received and a contract has been engaged with the design finalized. DEQ has targeted next week for the issuance of the permit for construction of the well. He said it would take approximately one week to get in place following receipt of the permit.

Meier said he had met with the drilling contract today following the test wells and reviewing components to the project that could overlay to expedite the project.

Meier reported on the Water Treatment Plant. He said a meeting was held with DEQ to review the details and submittal of the plans for the Golf Course would be at the same time.

Meier said that additional sources of water are being investigated. He said results should be available in 2-3 weeks and the target is at least the addition of one additional water source.

City Manager Mark Skiles reported that test holes have been completed on seven different property owners' sites.

Public Works Director Donald Webb reported that there is approximately 10 feet of water in Lake Clinton. He said that water can be treated down to 4 feet which would give 60-90 days of treated water.

Councilman Hulin asked about repairs to the water treatment plant.

Webb reported that repairs have not been completely finished. He said the next agenda will include request to authorize the purchase of a generator for the plant.

City Manager Skiles said that currently the City has two quotes for the generator.

AGENDA ITEM NO. 7 : AUDIENCE PARTICIPATION

Cheryl Lowry asked if the public could be included in the recycling program at Mars since there is no program other than for recycling paper.

City Attorney Ryan Meacham said the recycling agreement is for special waste to include animal waste which is a special hazardous waste.

Moved by Councilman Hulin and seconded by Councilman Lowry to adjourn the meeting.

MINUTES OF A REGULAR MEETING OF THE PLANNING AND ZONING BOARD

TUESDAY, JANUARY 13, 2015

A regular meeting of the Planning and Zoning Board of the City of Clinton, Oklahoma, was held on Tuesday, January 13, 2015, at 9:00am in the City of Clinton Council Room, City Hall. A notice of this meeting with agenda was posted on the bulletin board in the lobby of Clinton City Hall on Thursday, January 8, 2015.

Chairman Corky Heard opened the meeting with the following present:

Members Present were: Corky Heard, Bryan Foster, Aaron Hemingway, Julie Strong
Others Present: Lisa Anders, Toby Anders, Rick Koch, Jeff Short

2. CONSIDER MINUTES OF MEETING ON AUGUST 12, 2014 MEETING

Motion was made by Aaron Hemmingway and seconded by Julie Strong to approve the minutes of the previous meeting.

Chairman put the motion to roll call vote:

Aye: Hemmingway, Strong, Foster, Heard
Nay: None

Chairman declared motion carried.

3. CONSIDER THE REQUEST ASAP ENERGY, INC. TO REZONE PROPERTTY IN SECTION TOW IN TOWNSHIP ELEVEN NORTH, RANGE SEVENTEEN W.I.M. CITY OF CLINTON, OKLAHOMA, WASHITA COUNTY TO GENERAL COMMERCIAL DISTRICT (C-4) TO ALLOW FOR THE OPERATION OF AN AUTOMOBILE RETAIL GASOLINE SERVICE STATION AND LIQUOR STORE. (3001 S HIGHWAY 183)

Chairman Corky Heard reviewed the request for rezoning of property located in Washita County but annexed into the city limits of the City of Clinton. The rezone request is for C-4 to allow for the operation of a service station and liquor store. ABLE requires the correct zoning for licensing purposes.

Building Inspector Toby Anders said the construction is complete so the rezoning is necessary for the operation.

City Clerk Lisa Anders said notice was provided to property owners within 300 feet and there had been no response.

Motion was made by Julie Strong and seconded by Aaron Hemmingway to approve the request to rezone the property to C-4.

Chairman put the motion to a roll call vote:

Aye: Strong, Hemingway, Foster, Heard
Nay: None

Chairman declared the motion carried.

City Clerk Lisa Anders explained that a public notice 20 days prior to the public hearing would be published in the newspaper and the recommendation of the Planning and Zoning Board would be presented along with an ordinance to rezone the property. This would be presented at the February 3rd Council meeting.

5. ADJOURN

Motion was made by Aaron Hemmingway and seconded by Julie Strong to adjourn the meeting.

Chairman put the motion to roll call vote:

Aye: Hemmingway, Strong, Foster, Heard

Subject: Description of Fast Lane 300 Property in Clinton, OK Washita County
Attachments: Fast Lane 300 Property Boundaries from Titles 01.28.15.pdf

Lisa Anders:

In preparation of the City Council Meeting of next week, I understand you need a description of the property to be re-zoned and classified. I understand the confusion of this piece of land due to its numerous descriptions in the abstract.

Attached is a drawing I produced from the legal descriptions of the property. It appears the property was once an irregularly shaped piece with much of that being taken by US 183 as right-of-way. Then, the surrounding property was purchased to produce a nearly rectangular piece of property we have today. From this, I surmise that the Abstract of Title 102668-S appears to be the most correct description of the property for your purposes.

It states:

A tract of land in Lot Four (4) of Section Two (2), Township Eleven (11) North, of Range Seventeen (17) West of the Indian Meridian, described as follows:

City of Clinton

Dear Lisa:

Western Plains Library System (WPLS) has a goal of updating the interior of the Clinton Public Library over the next year. In conjunction with the Friends of the Clinton Public Library, WPLS will be updating furnishings and adding additional technology. The largest project in the plan is new carpeting for the library. The existing carpet was installed in 1992 as part of a library-wide construction project. This carpet has performed well but is beginning to show wear after 22 years.

Western Plains Library System is requesting funds in the amount of $15,000 from the City of Clinton that will be used to re-carpet the library. The re-carpeting project has been estimated to cost $30,000. Per this estimate, Western Plains has included in its 2015 Fiscal Year budget $15,000. We are hoping that the City of Clinton will furnish the other half. Western Plains will bid the project and bear any additional costs above the estimate for the carpeting.

This project is an excellent opportunity for WPLS and the City to work together to improve a City-owned asset which contributes greatly to the quality of life in Clinton.

Respectfully submitted:

Tim Miller

This is being covered with tranfers from within the current budget.

Item Title/ Subject: Supplemental Budget and Budget Transfers for Capital Improvement Fund

Staff Source: Debra Blanchard, City Treasurer

History/Background Information: Projects not completed by June 30, 2014 and Budget overruns on some line items.

Item/Subject Summary:

1. Budget transfers within the FY 14-15 existing Capital Budget are needed to cover the Armory Remodel Costs, the purchase of new Handheld Meter Reading Computers and software, overage on FD Truck and Grant Admin. costs, and overrun on Pool Cover cost. This is being covered with tranfers from within the current budget.

2. Supplemental Budget for FY 14-15 to carry over the final payment for the ODOT/Chapman Road project. This was estimated to be completed by 6-30-14 but we did not receive final invoice from ODOT until January 2015. This was not included in the FY 14-15 budget. Funds will be transferred in from ED Fund to Capital Improvement Fund as agreed upon with the Original Council approval for ODOT contract and alternate #1.
