Agenda Commentary

Item Title/ Subject: Surplus and Donation of 1930 Seagrave Engine

Staff Source: Brett Russell Fire Chief

History/Background Information:

Mayor and Council Members,

I would like to propose the surplus and donation of the Clinton Fire Department's 1930 Seagrave fire engine to the Oklahoma Fire Museum. This historic apparatus has been part of our department's legacy for decades, but without a dedicated space for proper preservation, its condition continues to deteriorate.

By donating the engine to the museum, we can ensure that it is preserved, displayed, and honored as part of Oklahoma's firefighting history. This would not only pay tribute to the Clinton Fire Department but also serve as a reflection of the City of Clinton's proud heritage in public service. Additionally, this donation would alleviate storage concerns while placing the engine in a location where it can be appreciated by future generations.

I respectfully ask for the Council's support in approving the surplus and donation of the 1930 Seagrave fire engine to the Oklahoma Fire Museum. I am happy to provide any additional information or answer any questions regarding this proposal.

Thank you for your time and consideration.
