The Resolution PW25-01 was presented for review and approval. Manager Johnston stated that this would be the last time to present this for deferral.

B. Line of Credit No. 5 in the amount of up to $1 million to Clinton Hospital Authority.

Manager Johnston stated that the election on June 10, 2025, will be a final piece of the puzzle for the public to approve the sale of the hospital. With the irregular receipt of funds to operate the hospital until the sale is completed no later than July 31, 2025, and the need to keep the hospital open until then, interim funding has been researched. Recent discussions with Rural Health Solutions, Third Avenue West and Clinton Hospital Authority members have resulted in the conclusion that the relatively better option was to request another line of credit of $1 million each from the Public Works Authority and City. Johnston said that in the conversations that he participated in regarding this matter, it was unfortunately clear that interim funding was essential to diminish the risk of the hospital running out of money before the sale was closed. Any funds drawn from the new line of credit will be included as loans included in the Asset Purchase Agreement to be repaid by Rural Health Solutions.

Trustee Stormie Hill asked several questions regarding the current hospital financial situation and the risk the PWA/City would be taking in approving additional lines of credit.

Jennifer Sethre, CRH Chief Operating Officer, responded regarding the current financial needs and that RHS and 3rd Avenue are very excited about acquiring the hospital. In addition, she stated that the staff are working hard to overcome issues that have been identified during the due diligence and continue to work to improve reimbursements to stabilize finances. It is very hard to operate a hospital only on income from the lab and emergency room, and as new services are rolled out it is anticipated that revenues will improve. Chairman Berrong encouraged support of the process to continue moving forward with the sale of the hospital.

Motion was made by Trustee Villanueva and seconded by Trustee Art Lloyd to approve Line of Credit No. 5 in the amount of up to $1 Million to the Clinton Hospital Authority as requested.

Chairman put the motion to a roll call vote:

Aye: Lloyd, Villanueva, Berrong
Nay: Hill

Chairman declared the motion carried.

Motion was made by Councilmember Villanueva and seconded by Councilmember Hill to approve the quote for the Emergency Repair to 27" Sewer Out Fall Main from Lonehickory- West, LLC in the amount of $85,575.

Re: June 3, 2025, City of Clinton Council meeting

This is an update on Henry Caldwell & family properties that was condemned on March 4, 2025.

The property located at 409 Glenn Smith as you can see has only about ¼ of the new roof installed on the south side and with the trees cover the north side I could not get a picture of which the new roof has not been installed, the boards are still covering the windows. As of 6/2/25 I have not been in the house to verify the interior condition of the property. Per the Council Mr. Caldwell was to have all work completed by June 3, 2025.

The properties located at 1017, 1019 & 1021 Glenn Smith have been demolished and cleaned up.
