City Manager Johnston commented that this ARPA funding provides an opportunity to meet some unfunded capital needs. The ARPA guidelines have changed several times in the last year, so staff waited before bringing an action item to the Council. Since the Final Rules went into effect on 4/1/22, the best way to report our use of the ARPA funds allocated to Clinton is as 'lost revenue' during the COVID-19 pandemic. The ARPA funds will be used for the general provision of government services after specific appropriation during the FYE23 budget process.

E. Repairs to Train Tracks at Acme Brick Park

City Manager Johnston reported that Recreation Director Summer Pennington had been persistently pursuing quotes to repair the train tracks which were damaged by flooding at Acme Brick Park. She succeeded by obtaining three proposals. Since all three proposals address the repairs with slightly different solutions they will be carefully compared and brought back to the Council with a recommendation as soon as possible. The repair companies suggested that the bridge be inspected by an engineer prior to any track repairs commencing to identify any undetected issues be addressed as well. The CED7 has been approached to conduct the engineer's inspection as soon as practicable so that this matter can be finalized.

Motion was made by Councilman Dowdell and seconded by Councilman Villanueva to table the decision regarding the proposals for train track repairs until the bridge

HAND DELIVERED BY CLINTON POLICE OFFICER

Virginia L. Paulsen
Post Office Box 1131
Clinton, OK 73601

Re: 120 S. 11th, Clinton, OK

Ms. Paulsen:

Pursuant to Section 5-1-9 (copy enclosed) of the *Clinton City Code*, notice is hereby given to you that the Clinton City Council during its April 19, 2022, Regular Meeting commencing at 5:30 PM in the Council Chambers of the City Hall at 415 Gary Boulevard will conduct a hearing to discuss the present condition of your property.

Numerous complaints from many Clinton citizens and my own observations of your property demonstrate to me that your property's present condition is a "nuisance" that needs to be abated. As the person responsible for the condition of your property listed above, you should be prepared to explain your intentions to clean up your property within a specified time frame approved by the City Council. If your clean-up is not completed by you, then the City will have it cleaned for you at your expense.

Since several previous notifications to you have not resulted in your property being cleaned and kept clean, summary abatement is the legal remedy which apparently must be utilized to remedy this situation.

Sincerely,

Robert B. Johnston

Robert B. Johnston
City Manager

Enclosure

5-1-9: SUMMARY ABATEMENT OF NUISANCES:

A. Nuisances Constituting Immediate Danger:

1. Some nuisances are of such nature as to constitute a grave and immediate danger to the peace, health, safety, morals or welfare of one or more persons or of the public generally.

2. It is recognized that circumstances may be such as to justify, and even to require, the city manager or other appropriate officer or agency of the city government to take immediate and proper action summarily to abate such nuisances, or to reduce or suspend the danger until more deliberate action can be taken toward such abatement.

B. Submission Of Statement Of Nuisance Condition:

1. The chief of the fire department, the chief of police, the city attorney, the building inspector, the electrical inspector, the plumbing inspector or any other officer subordinate to the city manager, may submit, through or with the consent of the city manager, to the city council, a statement as to the existence of a "nuisance" as defined by the ordinances of the city or law, and a request or recommendation that it be abated.

2. The city manager himself, the health officer, any councilman or any resident of the city may submit such a statement and request such recommendation to the city council.

C. Council Determination; Hearing; Notice:

1. The council shall determine whether or not the alleged nuisance is a nuisance in fact. For the purpose of gathering evidence on the subject, the council shall have power to subpoena and examine witnesses, books, papers and other effects.

2. Before proceeding to abate the nuisance or to have it abated, the council shall give notice of a hearing on the proposed abatement to the owner of any property concerned and to any other person alleged or deemed responsible for or to be causing the nuisance, and an adequate opportunity to be heard, if such notice and opportunity for a hearing can be given. Such notice to the owner and other persons concerned shall be given in writing by mail or by service by a police officer, if their names and addresses are known; but, if the names or addresses are not known, and the peace, health, safety, morals or welfare of the person or public adversely affected would not be unduly jeopardized by the necessary delay, a notice of the hearing shall be published in a newspaper of general circulation within the city.

D. Abatement By City; Assessment Of Costs:

1. If the council finds that a nuisance does in fact exist, it shall direct the owner and/or other person responsible for or causing the nuisance to abate such nuisance within a specified time if the peace, health, safety, morals or welfare of the person or public adversely affected would not be unduly jeopardized by the consequent delay. If such peace, health, safety, morals or welfare would be unduly jeopardized by the consequent delay, or if the owner or other person responsible for or causing the nuisance does not abate it within the specified time, the council shall direct the city manager to abate the nuisance or to have it abated, if summary abatement is practical, as authorized by 50 Oklahoma Statutes section 16.

2. The city clerk shall send a statement of the cost of such summary abatement to the owner and/or other person responsible for or causing the nuisance, as may be just under the circumstances, if their names and addresses are known. Until paid, such cost shall constitute a debt to the city collectible as other debts of the city may be collected. (1991 Code § 13-9)

Three quotes were presented by Public Works Director Gene McCullough for initial review. The quotes were brought to the Trustees as information as the third one was received just minutes ago so they have not yet been thoroughly reviewed in order to make a recommendation. The quotes' presentations were each different regarding linear feet of fencing and in other
