Dear Mr. Johnston,

I am working with the U.S. Bike Route (USBR) 66 Steering Committee to nominate the US Route 66 corridor as a national bicycle corridor. The Oklahoma Department of Transportation (ODOT) will nominate this route in August 2021. This project is part of a national effort to build a U.S. Bicycle Route System (USBRS). The project is being coordinated by Adventure Cycling Association, a national non-profit specializing in bicycle travel and route development for cyclists. The routes are being numbered and catalogued by the American Association of State Highway and Transportation Officials (AASHTO).

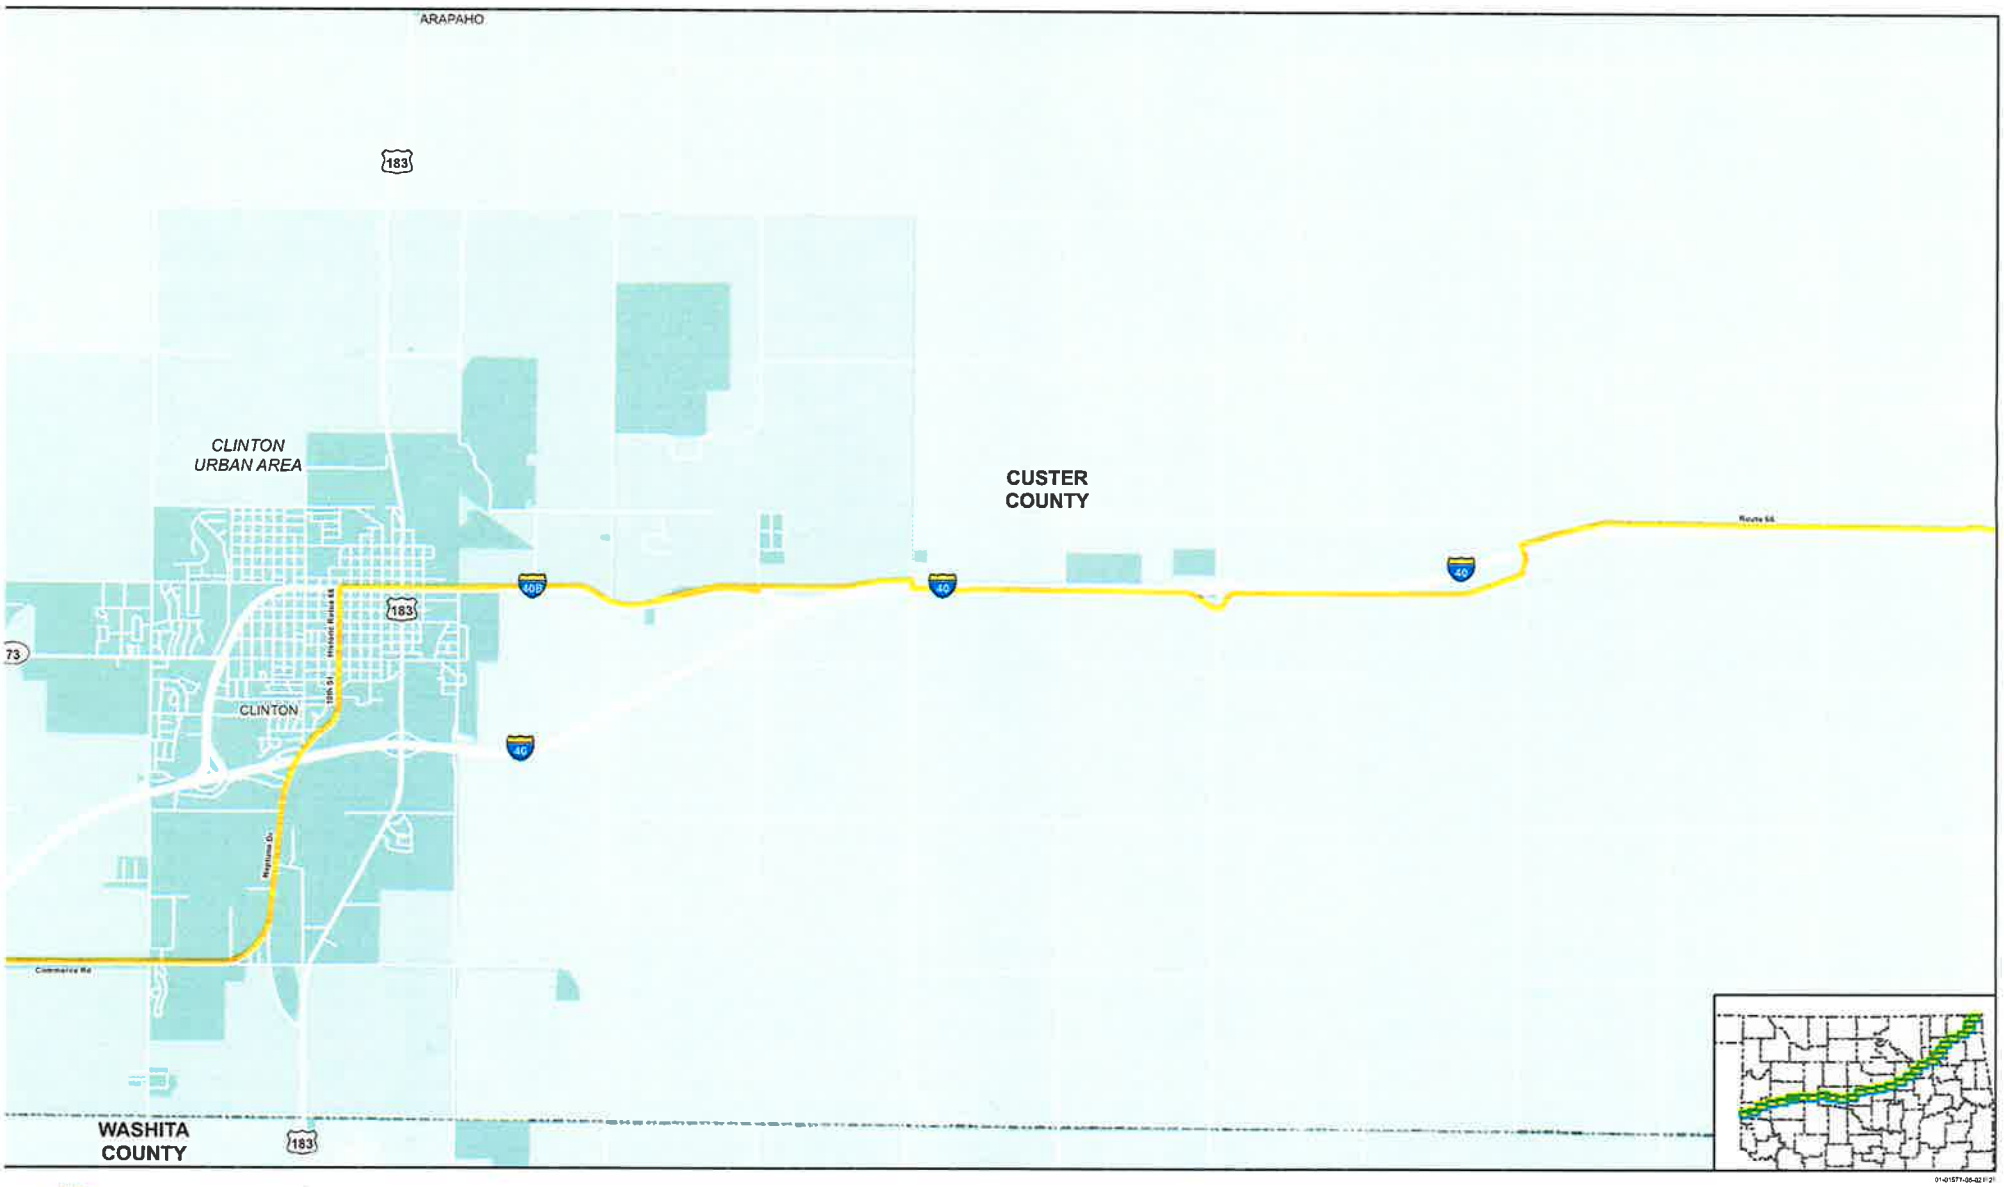

The USBR 66 Oklahoma system will be made up of roads and trails suitable for bicycle travel and will bring economic benefits to your community in the form of bicycle tourism. Attached for your information is a series of maps depicting the proposed USBR 66. In addition, you can find a huge amount of background information on the USBRS at www.adventurecycling.org/usbrs.

Is there a time in which I can call to discuss this project further and the need for a Resolution (sample resolution attached) supporting the nomination of this project as well as a commitment by the City for installation and maintenance of signs along this route in Clinton?

Thank you

Julie
