Bloodborne Pathogens*

Mandated by OSHA initially and annually. **Stericycle's award-winning** training** is available in both English and Spanish and can be completed online in less than an hour.

Hazard Communication*

All employees with hazardous chemicals in their work area are required to undergo training. This training is specific to health care employees and includes access to workplace labels.

Biohazardous Waste Segregation

Proper handling of medical waste including: identifying, disposing, segregation, storage and transportation is essential to ensure your facility is compliant with OSHA standards.

Department of Transportation

DOT regulations require compliance training for certain employees at all sites that offer hazardous materials such as medical waste for transportation. This training includes packaging medical waste and signing shipping papers and/or manifests.

Health Insurance Portability and Accountability Act

HIPAA mandates industry-wide standards to protect the security and privacy of individuals' medical records and other personal health information. This applies to health plans, health care clearinghouses, and health care providers that conduct certain health care transactions electronically and other processes to remain confidential and secure.

Service-Related Training*

Developed to train staff on the proper disposal and packaging of other medical waste streams (e.g., pharmaceutical, controlled substance, reusable sharps containers).

*Training availability dependent on program adoption and level.

Ken and Robert
Our Reheat has a major leak. Attached are the bids that we received on fixing the leaks. We have sent this to Barbie and see her response below. I am not sure what our next direction needs to be. I just now had Sherry with the water department call me and said that they just did the reading for the Hospital and our current bill for water use is over $23,000.00. We cannot turn off the water in the reheat if we do there will be no water for the hospital.
Please advise.

Thank you Brendon. The one bid is considerably less than the other. Either way, I think the City is going to have to front the funds for this as there's no way we can cut a check in that amount at one time.
