The second option was to set a roll-off for tree limbs and taken them to the transfer station. He said DEQ had said no more limbs can be accepted at the City's current site until these limbs are addressed.

Box Tip Top Tree Service submitted a proposal for grinding and scatter chips no greater than four inches thick as ground covering in the amount of $20,800.00. Adams said the company had estimated that this would not need to be done again for 9 to 12 months.

City Manager Grayson Bottom said SWODA is in the process for putting together a coalition of several communities to join in purchasing a tub grinder. He said small grants are available for it would take a number of communities to join.

2. RECEIVE COMMENTS REGARDING RIVERSIDE GOLF COURSE RENOVATION

Chairman Lynn Norman opened the meeting.

City Manager Grayson Bottom presented an outline of the time frame starting back in 1999 to the present regarding recommendations for golf course improvements. He reviewed estimate of revenues and expenses of the golf course for this time frame. A review of the subsidies for the pool/slide facility, Activity Center at Acme Brick Park and Riverside Golf Course were presented.

Tripp Davis presented a power point presentation showing the proposed improvements to Riverside Golf Course. He explained that the first step is a Master Plan and then construction plans for Phase I. Construction Plans include drainage plans, adjustment of placement of tees, widening of the fairways and other items.

Trustee Bryson asked about the possibility of separating the improvements into packages.

Davis said it is possible but the greens would only get worse. He said the end result would be the greens would have different growing mediums. He said there would be additional cost for mobilization and the cost would only increase. He said he recommended doing the project all at one time and this would allow the repair of the irrigation system. He said the back nine holes are not that old and would not need to be closed down.

Dr. Harold Tisdal asked if more employees are needed at the golf course and asked what the price per green would be for the improvements.

Davis said he did not look at per green price. He said costs are broken down differently. He guessed the cost would be $40,000 to $45,000 per green.

Jay Wyer asked how many years of life are left on the other nine holes.

Davis said they are pushup greens and it is hard to estimate.

Dr. Bill Jackson asked if the project were started in July 2008 would play be allowed in May of 2009.

Davis said it would depend on the weather.

Davis said the project would be done by a general contractor with specific qualifications. He said there are three qualified for golf course construction in Oklahoma. He said the project would be bid as a total project less the concrete cart paths.

Cheryl Lowry said she was concerned about overruns at the sports complex. She did not like having two major projects at one time.

Corky Heard said he had been at other courses recently and his hopes were for Clinton to host the State Golf Tournament.

City Manager Bottom said he considered the golf course as a part of the parks system and saw it as an asset of the City.

Chester Manderscheid said it seems that for the past 15 years all the City projects have been for sports. He said the City needs walking trails along the streets.

City Manager Bottom explained that the City has received a grant for state funds to be used for an extensive program for access areas to connect schools.

AGENDA ITEM 4B. CONSIDER SURPLUS AND SALE OF CITY PROPERTY LOCATED IN LOT 22 BLOCK 8 OF LANCASTER ADDITION (1218 OPAL) TO ST. MARY'S CATHOLIC CHURCH

City Manager Bottom said the City of Clinton owns the lot between the Clinton Armory and the St. Mary's Catholic Church. The church has been mowing the maintaining the property for many years. Due to the size of the lot, no structure could be built on the property. After the church inquired about the property, an appraisal was completed on the property and found the value at $375.00.

Juan Garcia, representative of St. Mary's Catholic Church building committee, said currently there are no plans to building on the lot other than placing air conditioning units.

Mayor Norman asked why the agenda item was to surplus and sale the property at the same meeting.

Ryan Meacham said this is allowable due to the name of circumstances. This allows for a direct sale.
