Mayor put the motion to a roll call vote:

Aye: Marcy, Hendrickson, Jordan, Wheeler, Bryson

4D. CONSIDER EXPENDITURE OF FUNDS FOR PURCHASE AND INSTALLATION OF POND LINER AT RIVERSIDE GOLF COURSE

City Manager Grayson Bottom reported that in the original budget for the Golf Course that $15,000 had been designated for a pond liner. It was anticipated that the excavation of 50,000 to 55,000 square foot would occur. The actual size is 108,000 square feet due to the need for the dirt for the golf course features. It was less costly to excavate the dirt at the golf course rather than purchase dirt and have it hauled to the golf course.

Three quotes were presented for liners and installation.

Extreme Plastics Plus, Inc.	IN-Line Plastics, LC	Hutton, Inv.
Yukon, OK	Houston, TX	Elk City, OK
$42,500.00	$64,125.00	$49,000.00

It was the recommendation of City Manager Bottom to accept the quote from Extreme Plastics Plus for $42,500.00 for the purchase and installation of a pond liner for Riverside Golf Course.

Councilman Jordan asked about the liability the city would have with the pond having a liner and slick areas.

City Manager Grayson Bottom said that signs would be put up and floats would be placed on the pond. He said the printed literature for the golf course would have information and notification regarding the pond. He said there is no intent to stock the pond for fishing and doing so would be a violation of club rules.

Assistant City Attorney Ryan Meacham said with open water hazards that putting out warnings and making the public aware are important.

City Manager Bottom said the Golf Course Ranger would be responsible for keeping people out of the pond.

Councilman Marcy asked when the installation would start.

City Manager Bottom said weather permitting, the project should start in a short time. He said he anticipated the delivery of the pump station by late February and we would want the liner installed and water in the pond at that time.

Mayor asked if there are any remaining issues for the golf course pending.

City Manager Grayson Bottom said the pond would have to be aerated to prevent the pond from smelling. He said he is looking at fountains or pumps but they would cost less than $7,000.00.

Motion was made by Councilman Hendrickson and seconded by Councilman Wheeler to approve the expenditure of funds for the purchase and installation of a pond liner for Riverside Golf Course from Extreme Plastic Plus for $42,500.00.

Mayor put the motion to a roll call vote:

Aye: Hendrickson, Wheeler, Jordan, Marcy, Bryson
Nay: None

Re: Golf Renovation Project

The Golf Course Renovation project was originally only budgeted for $670,000 in the Recreation Capital Construction Fund during our budget process. We need to have council approve the supplemental budget amendment to bring the project up to the needed levels.

Original Budget

Operating Transfer In from Capital Impr.	$320,000
Cap. Impr. Contingency Line – set aside in budget process	$350,000
Construction Budget Total	$670,000

New Budget Levels Needed

Cash Balance Forward –Speedway Sale	$ 50,000
Operating Transfer In from Capital	$320,000
Cap. Impr Contingency Line	$490,000
Construction Budget Total - Recr Cap Constr Fund	$860,000
Recreation Authority Golf Operating Budget	$ 27,800
Total Project Budget	$887,800

The City had already set aside $300,000 in the Capital Improvement fund over the last 3 years. When the budget was approved $320,000 was specified for transfer to this project with the contingency line being budgeted at $550,000. Needing to use $490,000 of the contingency line, our remaining balance would be $60,000 in that line.

As you and I reviewed this years budget and expenditures to date, we have also found about $25,000 that will probably not be spent due to better pricing or not following through with requests. Kelly indicated to me that he needed to buy his equipment, totaling $30,000, in about January or February. His equipment requests were some of those line items that were grayed out in the budget approval and not appropriated.

Our Capital Improvement budget as approved did estimate a surplus of over $400,000 not appropriated at all. If revenues were to come in as estimated, we would still end the fiscal year with that amount.
