A. Surplus Property and Equipment

City Manager Grayson Bottom presented a map with legend indicating thirteen city owned properties to be considered for an auction. He reviewed each site and asked for direction from the Council regarding the property. He said each of these properties is owned by the City of Clinton so they would have to be surplused and then put up for bid individually. He asked for input from the Council for further discussion at the next meeting.

B. Discuss process for replacing roof at City Hall

City Manager Grayson Bottom explained that the original roof on City Hall was built in 1968 and then a second roof was placed on top in the 1980 to 1990 time frame. He said there is very little insulation. Regarding replacing the roof, Bottom reviewed three options.

1) General Contractor
2) Construction Manager at Risk
3) State Bid contract for a raised seam metal roof

He said the estimated cost of a metal roof is $10 to $12 per square foot and that a raised seam metal roof would be 3 to 31/2 times more expensive but it would be for a roof that would last 30 to 50 years rather than 15 years.

Mayor Bryson said he preferred to look at option three.

City Manager Grayson Bottom said that a contract would be needed and it would require Council approval. He asked that Council members let him know there recommendation so he could prepare for future action.

The new Convenience store in Neptune Park is not yet named. Currently the property is owned by Mhuma LLC. It will be transferred to Hotelmacher LLC before opening for business.

Managed by a General Manager and staffed on a daily basis using 3 FTE and 2 PTE.

The C store will serve the Neptune Park area, South 10 and South 13th street area of Clinton as well as Interstate 40 traffic and the new Hotel and WaterPark.

At the present time there are no fuel locations in Clinton that are visible to the travelling public from Interstate 40. At three of the Clinton exits there are stations within 1 mile. The traveler today is reluctant to pull of the Interstate highway for a station that he or she cannot see from the Interstate.

Consequently much fuel and sundry sales are currently passing Clinton by.

In addition the construction of the I-40 frontage road, and the opening of the Holiday Inn express and the Water-zoo.com Indoor water park will result in a lot more vehicles seeking fuel at this interchange.

There is also the potential for 2 additional employees at this location in an unrelated but allied business. The specifics of this allied business cannot be revealed at this time. However the business generates zero sales and zero sales tax. But it does provide 2 FTE jobs –

Walter Schumacher
