4B. PUBLIC HEARING: INCREMENT DISTRICT NUMBER ONE, CITY OF CLINTON, OKLAHOMA

Mayor Bryson introduced Dan McMahan, the TIF District Advisor for the City of Clinton.

Mr. McMahan said this public hearing is being held pursuant to the Oklahoma State Statutes. He said a second public hearing is scheduled for January 18th. He said an ordinance would be presented for consideration to adopt the TIF plan.

Mayor Bryson asked if alternative financing had been discussed.

McMahan said an alternative financing had been briefly discussed. He said the project plan serves as the upper limits for the project and any alternative financing would reduce the cost. He said options would be reviewed in order to take advantage of the best financing. He said the options could not all be explored before the January 18th meeting.

Councilman Rodolph asked about the interest cost for a fifteen year period.

McMahan said the numbers presented were estimates on the worst case scenario.

Councilman Rodolph asked about the cost of the road and waterline.

McMahan said the developer would be doing the work and the City would contribute to the project based on the cost.

Councilman Rodolph asked if there is a set of plans for the road.

Mayor Bryson said the Review Committee had reviewed the plans for the road and said a copy could be provided to him.

Walt Schumacher asked if the City spends money and the tax revenue generated is not enough, does the responsibility fall to the developer for the balance.

McMahan said this is non-recourse financing.

Rod Serfoss asked about the term"but for" that had been discussed at the Review Committee meeting.

McMahan explained the term and said the Review Committee had made a determination regarding the test and had approved the project.

Bob Smith asked what the TIF funds can pay for.

McMahan said the funds are paid to the developer and the proceeds come from the loan. The purpose is to provide the project facilities for the proceeds of the $1.4 million to develop the project.

The public hearing closed.

4C. CONSIDER AND DISCUSS THE EMPLOYMENT, HIRING OR APPOINTMENT OF THE CITY MANAGER AND AUTHORIZE THE MAYOR TO EXECUTE EMPLOYMENT CONTRACT

Mayor Bryson said following an executive session and interview with Steve Hewitt, the Council voted to enter into an employment contract.

4D. CONSIDER THE UPDATED REQUEST OF THE CLINTON CHAMBER OF COMMERCE REGARDING THE ROUTE 66 FESTIVAL

Mayor Allen Bryson reviewed the amended request of the Chamber of Commerce regarding the Route 66 Festival. The request to relocate the festival from main street to McLain Rogers Park was discussed.

Brian Aneshansley said the festival had been hosted downtown for the past four years and the hope was to relocate to the park. He said a beer garden would be included as a part of the festival as a fund raiser for a local civic organization. He said it would be in a designated, confined area and would be well supervised.

Assistant City Attorney Ryan Meacham said a draft ordinance had been prepared to address this and it followed state statutes.

Mayor Bryson said there are two issues being discussed. The use of McLain Rogers Park and the allowance of a beer garden in the park.

Meacham suggested putting the hours of operation of the beer gardens in the ordinance. He said the ordinance would require the applicant to obtain and county and state temporary license before being eligible for a city license.

Roy Dobbs said his concern is allowing the beer gardens in a public place such as the park where families with children would be in attendance. He asked why not leave the beer gardens at the Frisco Center as it has been in the past.

Motion was made by Councilman Rodolph and seconded by Councilman Marcy to approve the request for the usage of McLain Rogers Park for the Route 66 Festival to be held on June 25th with the exclusion of the beer gardens.

Mayor put the motion to a roll call vote:

Aye: Rodolph, Marcy, Jones, Bryson
Nay: None

Mayor declared the motion carried.

It was noted that the original request for the Route 66 Festival had included security and this had not been added as a result of the addition of the beer gardens.

Mayor Bryson said if a civic organization comes forward and wants to operate the beer gardens, they need to bring the request back to the City Council.

Assistant City Attorney Ryan Meacham said an ordinance would be necessary.

5. CITY MANAGER'S REPORT

None

6. AUDIENCE PARTICIPATION

Mayor Bryson said Grayson Bottom's last day would be January 14th and Steve Hewitt would begin on February 9th. He said a luncheon is being held on January 13th at the Frisco Center in honor of Grayson Bottom.

For purposes of determining the incremental portion of the City sales taxes generated within the District, the City Manager shall certify as the "base lodging tax amount" the annual City lodging taxes that were generated within the area comprising the Clinton Water Park Increment District

between January 1, 2010 and December 31, 2010. All City lodging tax revenue generated within the Clinton Water Park Increment District and received by the City which are in excess of such base amount, shall be considered to be the "increment" subject to apportionment by this section (hereinafter referred to as the "City Lodging Tax Increment Revenues").

The apportionment of City Lodging Tax Increment Revenues pursuant to this section shall terminate upon the final payment of, or reimbursement for, all "project costs" incurred in connection with the projects listed in this Project Plan, and the payment of all outstanding principal, accrued interest, and premium due on any "tax apportionment bonds or notes" issued hereunder; provided, however, that in no case shall the apportionment of revenues pursuant hereto extend beyond fifteen (15) years from the original effective date of this Ordinance establishing the Clinton Water Park Increment District, unless such period is modified by subsequent action of the City Council. In the event that a portion of the principal of or interest on any "tax apportionment bonds or notes" issued in connection herewith, remains unpaid as of the fifteenth (15th) anniversary of the original effective date of this Ordinance, it is the intent of the City Council that the Clinton Water Park Increment District shall not terminate until the increment revenues apportioned during the fifteenth (15th) year are actually received by the Apportionment Fund, even if the receipt of such revenues occurs subsequent to the fifteenth (15th) anniversary of the original effective date of this Ordinance.

SECTION 9 Creating the Clinton Water Park Increment District Apportionment Fund. During the period of apportionment, and subject to the City's right to subsequently repeal, modify or amend this Ordinance, the increments apportioned hereunder shall be transferred by the respective taxing authorities to the "Clinton Water Park Increment District Apportionment Fund" (herein, the "Apportionment Fund"), which fund shall be held by and be the property of, the Clinton Industrial Authority (except that such fund may also be held by a trustee bank acting on behalf of the Authority). No portion of such increments and no portion of the Apportionment Fund shall constitute a part of the general fund of the City of Clinton.

SECTION 10. Designating the Clinton Industrial Authority As the Public Entity to Carry Out and Administer the Project Plan and Authorizing the Authority to Make Minor Amendments to the Project Plan. The Clinton Industrial Authority shall be and is hereby designated and authorized as the public entity to carry out and administer the provisions of the Project Plan, in accordance with its respective responsibilities, and to exercise all powers deemed necessary and appropriate for public trusts as set forth in the Local Development Act or the Public Trust Act, Title 60, Section 176 et seq. of the Oklahoma Statues, including the right to make minor amendments to the Project Plan. For these purposes, an amendment shall be considered to be "minor" if: (i) such amendment does not change the character or purpose of the Project Plan; (ii) does not affect more than five percent (5%) of the district's area; or (iii) does not affect more than five percent (5%) of the public costs of the plan to be financed by apportioned tax increments, all as determined on a cumulative basis.

SECTION 11. Authorizing the Clinton Industrial Authority to Issue Tax Apportionment Bonds or Notes. The Clinton Industrial Authority shall have the authority to issue tax apportionment bonds or notes and to pay costs of issuance and to fund appropriate reserves, in connection therewith, all in accordance with the provisions of the Project Plan. The Clinton

Industrial Authority is also authorized to irrevocably pledge all or part of the apportioned increments and other revenue for the payment of the tax apportionment bonds or notes. The part of the apportioned increments pledged in payment may be used only for the payment of the bonds or notes or interest on the bonds or notes until the bonds or notes have been fully paid. In authorizing the irrevocable pledging of such increments, it is the express intention of the City Council that the Clinton Water Park Increment District will remain in place until all of the outstanding principal, accrued interest and premium, if any, on any such tax apportionment bonds or notes have been paid in full. Notwithstanding such intention, the City, by these provisions, does not waive any right which it has now or may have in the future, to repeal, modify or amend this Ordinance, by subsequent action of the City Council, as provided in Section 856(C) of the Local Development Act. In adopting this Ordinance, the City does not purport to create any contractual obligation extending beyond the City's current or any subsequent fiscal year with regard to the establishment or maintenance of the Clinton Water Park Increment District, or the apportionment of ad valorem or sales tax increments; provided, however, that the City may, on a year-to-year basis, agree to transfer to the Apportionment Fund, any apportioned increments which it receives. All tax apportionment bonds or notes issued pursuant to this section shall state that such bond or note is not a debt, general or special, liability or obligation of the City of Clinton or the State of Oklahoma or any other agency or authority of such entities, other than the Clinton Industrial Authority. The bond or note shall further state:

(i) that the issuance of such bond or note does not give rise to a charge against the general credit or taxing powers of the City of Clinton, or a claim on the revenues or resources of the State of Oklahoma, and

(ii) that such bond or note is a special, limited obligation of the Clinton Industrial Authority, payable solely from the income, revenues and receipts derived or to be derived from the proceeds of certain tax increments paid over to the Authority and the funds and accounts held pursuant to the terms of any indenture or agreement authorizing the issuance of such bonds or notes.

SECTION 12. Designating the City Manager as the Person In Charge of the Administration of the Plan. The City Manager of the City of Clinton, Oklahoma, or his or her successor-in-office shall be the person in charge of implementation of the Project Plan.

SECTION 13. Providing for Severability. If any section, subsection, sentence, clause, phrase or portion of this Ordinance is for any reason held invalid or unconstitutional, such portion shall not affect the validity of the remaining portions of this Ordinance.

SECTION 14. Effective Date. This Ordinance shall become effective thirty (30) days following its final adoption, as provided by Oklahoma law.

MEMORANDUM

TO: Mayor and City Council

FROM: Grayson Bottom, City Manager

DATE: January 13, 2011

SUBJECT: Final Expenditures from the Acme Brick Park Construction Fund

---

As so often happens, we have paid all the bills and settled all the disputes relating to the construction of the playing fields and nature trail at Acme Brick Park and now find that we have $41,066.35 remaining in the fund. These are funds that we are paying bond interest on today. We need to spend this money in a way that completes parts of the original plan that had to be deleted and improves the facilities. We also need to reserve 5% ($2,053.32) to pay for the wind screens on the back of the bleacher shades

The staff and I have looked at three options to achieve the appropriate expenditure of these funds. We have considered 1) the completion of the north entry fence, 2) complete the initial grading, irrigation installation, and sprigging for two (2) Coach Pitch fields on the east side of the entry road, and 3) the extension of the fence/backstops eight (8) foot higher in front of the bleachers associated with the baseball fields.

There is enough remaining money in the construction fund to do two (2) of the three (3) projects. We are asking you to consider funding either 2 projects that you choose or fund all three projects recognizing that the third project could and would be funded from the Capital Improvement Fund Contingency.

The following are the funding options and amounts associated with each:

1) North Fence Completion	$17,495.00
2) Initial Completion of Coach Pitch Fields	$19,946.00
3) Extension of Baseball Fence/Backstops	$11,900.00
Option A: 1 and 2 above	$37,441.00
Option B: 1 and 3 above	$29,395.00
Option C: 2 and 3 above	$31,846.00
Option D: All of the above	$49,341.00

Option A	Excess funds remaining in Construction Fund: $1,572.03
Option B	Excess funds remaining in Construction Fund: $9,636.03
Option C	Excess funds remaining in Construction Fund: $7,195.03
Option D	Required excess funding from Capital Improvement Fund Contingency: $10,309.97
