authority to contact vendors within and without the municipality concerning the vendor's alleged violation of municipal ordinances prior to the initiation of criminal prosecution.

The Municipality may inquire of the Commission into the compliance of persons and entities with the Ordinances and, to the extent that the Municipality determines that any person or any entity has not complied with the Ordinances, the Municipality may request the Commission to issue a proposed assessment against such person or such entity. To the extent that the Commission receives any such request, the Commission shall review such request within 45 days. If, after said review, Commission believes that such request presents a basis for a proposed assessment, Commission shall issue a proposed assessment. Any such proposed assessment shall be resolved as provided in Sections 201 et seq. of Title 68 and the procedural rules promulgated by the Commission.

The Municipality may, at the option of the Municipality, request the Commission to initiate a show cause proceeding against a person or an entity which the Municipality believes, in good faith, not to be in compliance with the Ordinances or any provision thereof. To the extent that the Commission receives any such request, the Commission shall review such request within 45 days. If after said review, Commission believes that such request presents a basis for a show cause proceeding, Commission shall initiate a show cause proceeding. Such show cause proceeding shall be conducted as provided in the procedural rules promulgated by the Commission.

The Commission and the Municipality acknowledge the mutual interest of the Commission and the Municipality in maximizing compliance with the Ordinances and the collection of local taxes thereunder. The Municipality may, at any time and from time to time, either alone or in conjunction with other municipalities, submit a written proposal for collection and enforcement activities for consideration by the Commission; provided, however, it is expressly understood that any such written proposal must provide for coordination with the collection and enforcement activities of the Commission, provide for the use of the then applicable audit standards of the Commission and otherwise be in form and in substance to the Commission. In the event that Municipality's proposal Is accepted by Commission, Municipality will be authorized to conduct the activities included in such proposal on behalf of Commission and no other action will be authorized by the Commission by a municipality or municipalities not included in the accepted proposal.

Provided further that upon the request of the municipality, either alone or in conjunction with other municipalities, the Commission shall enter into contractual agreements with the municipality or group of municipalities whereby the municipality or group of municipalities are authorized to implement or augment the Commission's enforcement through a contract with a private auditor(s) or audit firm(s) of the municipal tax. The auditor(s) or audit firm(s) shall first be approved by the Commission and once approved shall be appointed as an agent of the Oklahoma Tax Commission for purposes of the audit. Contracts with a private auditor or audit firm are not subject to the limitations of Section 262 of title 68 of the Oklahoma Statutes, and the parties, the

municipality, private auditor or audit firm and the Commission, are authorized to exchange necessary information to effectively perform the contracted audit. The municipality, its officers and employees and the private auditors or audit firms may receive all information necessary to perform the audit and shall preserve the confidentiality of such information as required by Section 205, title 68, of the Oklahoma Statutes, including the penalties set out therein. The Commission shall be furnished the audit results and all relevant supporting documentation. The municipalities shall pay for the private auditor(s) or audit firm(s) by deduction from the tax assessment resulting from said audit unless another method of payment is set out in the contract with the private auditor or audit firm. Any municipal sales and use tax funds recovered as a result of the use by the municipality of a private auditor or audit firm shall not be subject to the retention calculated by the Commission as provided in Paragraph 5 of this agreement, in addition the Commission shall pay to the municipality any retainage that the Commission shall be entitled to for collection of county sales and use tax and shall pay to the municipality the state's pro rata share of the expenses of the auditor. Provided further, the Commission shall have no obligation to any municipality that does not participate in an audit conducted under subsection D of Section 2702 of Title 68 of the Oklahoma Statutes or an audit conducted pursuant to this section.

Notice of a proposed independent audit shall be provided to the municipality and the municipality shall within 30 days provide acceptance or rejection of participation in the audit. Failure to act within the 30 day time period shall mean that the municipality shall not be included in the audit. Failure to act with respect to a particular independent audit within the 30 day time period shall relieve the Commission of its obligation to audit on behalf of the municipality with respect to that particular audit.

15. It is recognized and acknowledged that the Ordinances include criminal sanctions for violation of the Ordinances. Notwithstanding anything else contained herein, the Municipality shall have the exclusive authority to prosecute any criminal violations of the Ordinances and the Commission shall refrain from taking any such action. Nothing contained herein shall prevent the State of Oklahoma from prosecuting persons for crimes under state law, including, without limitation, embezzlement by a vendor of a municipal sales tax.

16. To the extent that the Municipality decides to prosecute criminally any action under this Agreement, the Commission and the Municipality shall cooperate, in good faith, to maximize collections under the Ordinances and to minimize duplicative effort by the Commission and the Municipality.

17. Where the municipality takes the action recognized by paragraph 15 of this Agreement for prosecution to enforce its sales or use tax ordinance, all taxes shall be paid by the taxpayer directly to the Commission. Any resulting payment of municipal tax shall not be subject to the retention calculated by the Commission for the collection of city sales and use taxes as provided in Paragraph 5 of this agreement, subject to the implementation plan established in paragraph 2B of this agreement.

18. The Commission has the authority to enter into an installment or other payment agreement with any taxpayer, including a taxpayer prosecuted under a municipal sales or use tax ordinance, for state and local taxes owed by the taxpayer. Commission will, through its use of a pay plan in order to keep a delinquent business open, collect the liability as quickly as possible by requiring a significant down payment and completion of the pay plan in as short a period as possible. The Municipality shall be entitled to consult with the Commission's legal staff about an installment or other payment agreement prior to negotiation of such an agreement. The installment or other payment agreement shall be void if the taxpayer becomes delinquent in future tax liability or payment under the agreement becomes delinquent. The Commission shall furnish a list of all sales and use taxpayers which have entered into agreements with the Commission on a monthly basis along with the terms, conditions and status of each such installment or payment agreement.

19. The Municipality agrees that, if there is a challenge to the constitutionality or the legality of the Ordinances or any provision thereof (other than a challenge based on the application by the Commission of the Ordinances or any provision thereof), the Municipality shall be responsible for the resolution of such challenge. If such a challenge is based on the application by the Commission of the Ordinances or any provision thereof, the Commission shall be responsible for the resolution of such challenge. The party responsible for the resolution of any challenge shall make all decisions with respect to the prosecution and the settlement of any litigation with respect to such challenge and the other party shall cooperate with the responsible party with respect to the resolution of such challenge. The Commission shall provide notice to the Municipality of any challenge. Notice will be provided within seven (7) business of the receipt of the challenge and the municipality shall be allowed to participate in any decision.

20. The change in the boundary of Municipality shall be effective for sales tax purposes only, on the first day of a calendar quarter following the enlargement of the municipal city limits. If a municipality should de-annex a territory the sales tax from business or firms located in the de-annexed area shall cease on the effective date of the de-annexation ordinance. Municipality shall give the Commission notice in writing of any annexation or de-annexation of territory to the municipality at least as required by Title 68 Oklahoma Statutes Section 2701. The notice shall include a verified copy of the boundaries of the newly annexed or de-annexed territory. In addition all Municipality limit lines shall be shown in map form, and certified to the Commission by the municipal clerk.

21. Neither Municipality nor Commission has entered into this Agreement with the intention of violating state law or the provisions of the Streamlined Sales Tax Agreement. If it is determined by either party that any provision violates either state law or the Streamlined Sales Tax Agreement, such provision of the Agreement shall be null and void. The remaining provision of the Agreement shall be in effect until the expiration or termination of the Agreement.

22. This Agreement shall be in effect from _____, ____ until _____, _____, and shall renew without action of the parties for additional terms of one (1) year provided that the current rate has not been changed and neither party has given written notice to the other party of its intent to terminate this Agreement prior to the expiration of the then current term. Either party may terminate this contract for any reason upon thirty (30) days written notice of its intent to terminate to the other party.

IN WITNESS WHEREOF, the parties have set their hands and affixed their official seals the day and year first above written.

Item Title/ Subject: Letter of Understanding, Westhaven Housing Addition

Staff Source: City Manager, Steve Hewitt

Date: September 20, 2011

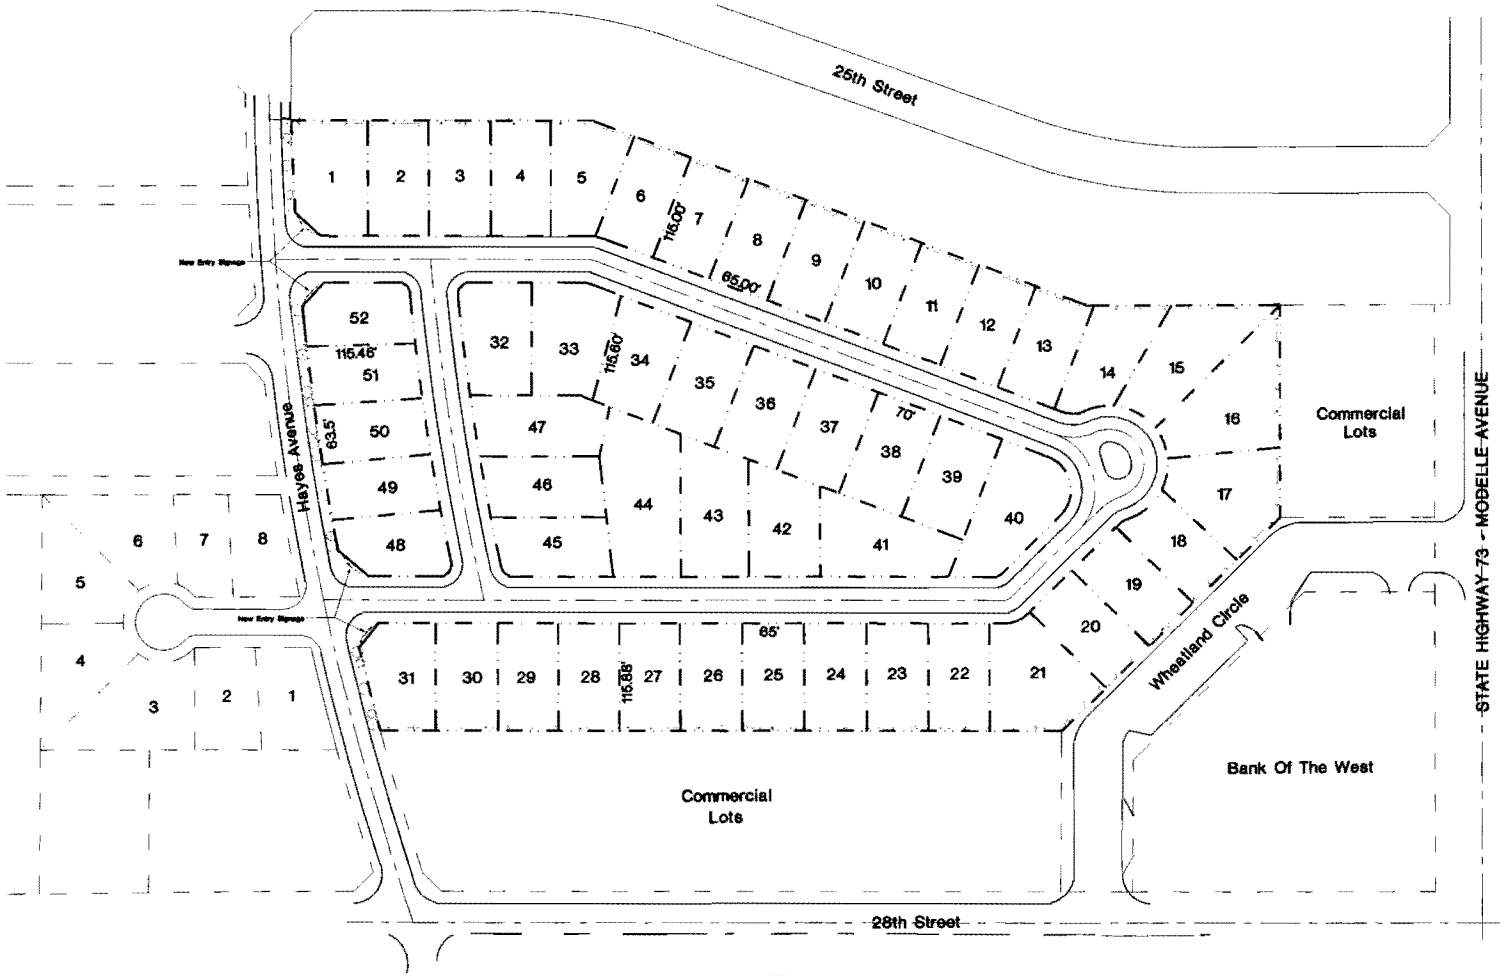

History/Background Information: Shawn Driver of Zerby Interests approached City Council a few months back looking to develop the property off 28th / Modelle behind the Bank of the West. Driver took the Council feedback and visited with community members to increase the amount of lots, reduce lots sizes, and reducing the size of homes required. Zerby Interests is looking for Public Improvements assistance.

Item/Subject Summary: After reviewing Mr. Driver's new plan (see attachment), the development looks more feasible. This nearly doubles the lots that could be developed. Driver informed me that the market for land and homes needs to be established in Clinton. I informed him the City needs to be reimbursed for as much as possible on land sales. Driver agreed that Zerby would reimburse the City $2000 per lot (52 lots = $104,000). Driver spells out in the LOU what Zerby and the City's obligations.

(Driver has stated lot pricing must be affordable)

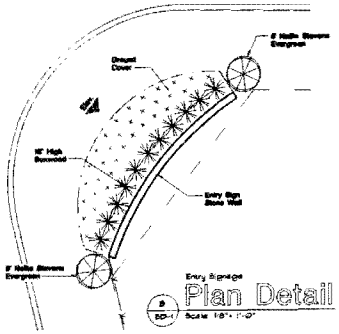

Price/Cost: Roads and Utilities estimated $300,000. $104,000 reimbursed through lot sales, remainder of reimbursement would come from sales tax and utility bills as new construction is development. NOTE: The City will eventually be reimbursed, however timeline is unknown.

Recommendation: Housing is a need and concern. The City must get involved in non-traditional support than it has in the past. Investing in utilities and public works for new housing partnerships should help Clinton grow. This will set precedence to future development.

RE: Letter of Understanding
Westhaven Housing Addition

Mr. Hewitt,

I'm writing you today in an effort to summarize and capture our discussions over the last several months regarding the proposed housing addition known as Westhaven, as well as the proposed structure in which the City of Clinton ("City") would partner with Elk Supply Co. ("Owner") in order for Westhaven to be successfully developed. It is our intention that after clarifying the roles in the development process, and thus alleviating any potential misunderstanding, that we can move forward toward City Council approval. Based on that intent, I've listed the major deal points below.

The Owner agrees to provide the following:

- Land – approximately 12.45 acres identified in Exhibit A
- Rezoning – conversion of commercial property to residential use
- Plating – plating of the property to include utility easements designated for City use
- Architectural & Engineering – all necessary services in order to provide construction-ready plans and specifications
- Surveying – all construction and property staking
- Fencing – as shown on Exhibit A, constructed immediately subsequent to utility and street placement
- Entry Statements – all concrete, masonry, signage, electrical, etc. to provide finished entry statements per Exhibit A
- Irrigation – a fully installed system with the capacity to irrigate the common area located parallel to Hayes Avenue
- Landscaping – trees, plants, sod, mulch to complete the common area along Hayes Avenue
- Marketing – all promotions, fees, commissions, and sales related expenses
- Home Owners' Association – all documents (inclusive of related legal fees), logistics, and miscellaneous expenses associated with a first class residential development
- Reimbursement – a $2,000 payment to the City of Clinton upon the successful sale and closing of each residential lot with Westhaven Addition, as shown on Exhibit A.

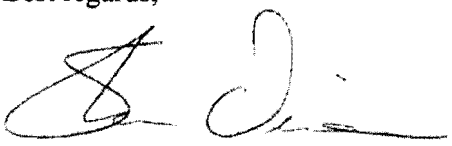

6400 W. Reno Avenue, Oklahoma City, Oklahoma · Main: (405) 232-3242 · Fax: (405) 603-8784 · www.zerbyinterests.com

The City agrees to provide the following:

- Streets – unless listed above, all construction related expenses associated with completing City streets as shown on Exhibit A
- Water – unless listed above, all construction related expenses associated with completing a water main project, with the scope being to adequately provide each lot within Westhaven with City water; moreover, the access to City water shall be found directly upon each lot
- Sanitary Sewer – unless listed above, all construction related expenses associated with completing a sanitary sewer main project with the scoping being to adequately provide access to the City sanitary sewer system; moreover, the access to the City sanitary sewer shall be found directly upon each lot.

If the aforementioned description adequately represents the development structure, then please add approval of such to the City Council's upcoming agenda. However, if there is something that needs to be added or modified please contact me at your earliest convenience.

Best regards,

Shawn Driver
